

POISONED MAN FOUND IN LONELY HUT

Berlin to Declare Bankruptcy Body BELIEVED THAT OF GOLD MINER SLAIN FOR RICHES; SHACK RANSACKED

BERLIN, July 5.—The German government is preparing a declaration of bankruptcy, according to reports in financial circles of Berlin. Due to the continuing economic decline of the mark, the government is also preparing a note to the Reparations Commission stating Germany's inability to meet the 50,000,000-gold-mark payment due July 15. While these reports are not confirmed in government circles, their source commands serious consideration.

LOCAL TRAIN IS DITCHED IN UTAH

SALT LAKE, July 5.—Eight passengers were injured, two seriously, when a Pullman car of the Salt Lake and Los Angeles passenger train No. 8, east bound, plunged from the track near Pahrump, sixty miles west of Salt Lake.

COUPLES' BODIES FOUND

SMITH CENTER, July 5.—Tourists camping in the city park at Kennington, near here today found the dead bodies of a man and woman, shot to death in the park. The bodies were identified as the divorced wife of Warren Wood of Kennington and W. J. Allen of Denver, Colo. Mrs. Wood had been shot four times in the back and Allen had two bullet wounds in his left breast.

INSURGENTS SURRENDER

DUBLIN, July 5.—The insurgents of the Irish revolution have virtually ended tonight with the surrender of small groups of the men who had been fighting for the past week behind the barricades and the capture of one of the principal leaders, Cathal Brugha, former Minister of Defense. But the success of the National cause has been purchased at the cost of bloodshed and the loss of life and the many seriously wounded.

HOPE RAILROAD STRIKE MAY SOON BE SETTLED

CHICAGO, July 5.—Indications that leaders in the railway strike controversy are cultivating ground from which the olive branch—peace—may grow before the industrial warfare spreads featured today's developments in the transportation crisis.

MAIL ROBBERS IDENTIFIED

NEW YORK, July 5.—The three alleged master crooks who held up Frank Haverack, driver of a United States mail truck on October 24 and lightened the load in his charge of more than \$1,500,000 in cash and securities can thank Gordon T. McCarthy, young detective of the American Express Company, for a bad sixteen hours today, when they were positively identified by Haverack, the Rockaway postoffice.

LEGION'S CAR

Why take a chance when Title Insurance means absolute protection?

Why should you place your money in a business block or a home and risk an imperfect title when a small premium will make you secure?

Why hazard, not only the price of the property you buy, but the cost of the building you place upon it as well—when a few dollars paid for title insurance will give you absolute protection?

Those who want a guarantee of title—
a policy of title insurance upon which
they can fully depend—invariably come
to this institution.

Our methods are nationally recognized,
codified and copied by the largest title
companies in the United States.

Criticism of Congress True, Says Representative Byrns

Denies Mondell's Claim of Saving Public Funds

Attitude of Administration on Profiteers Scored

(BY A. P. NIGHT WIRE)

WASHINGTON, July 5.—(Special Telegrams.)—Representative Byrns, of Tennessee, ranking 10th in the House of Representatives, today declared in an "extension of remarks" that the printed record of the House of Representatives, which is the official record of the House, is the most accurate and reliable of any published in the world.

Byrns, who is a member of the Committee on Appropriations, declared in an "extension of remarks" that the printed record of the House of Representatives, which is the official record of the House, is the most accurate and reliable of any published in the world.

NOTICIAS MUNDIALES DE ULTIMA HORA

En obsequio a nuestros numerosos amigos de habla español, y para beneficio de los lectores americanos del Times que estudian esa lengua, publicamos diariamente esta columna en castellano, con un extracto de las más importantes noticias de última hora.

Un conocimiento práctico del español es de grandísima utilidad en este país, especialmente en el suroeste; como lo demuestra el hecho de que en Los Angeles solamente, hay más de 15,000 personas que estudian ese idioma con profesores oficiales o particulares. Para esos estudiantes será un buen ejercicio leer todos los días esta sección, donde encontrarán las palabras y frases más usuales del lenguaje español.

NOTAS TELEGRAFICAS

Noticias de Washington

WASHINGTON, julio 5.—El Senador Lenroot, de Wisconsin, calificó hoy de carentes de razón los aumentos de derechos, y notificado que votaría contra el proyecto de ley relativo, a menos que se use de más moderación para fijar las cuotas de aduana.

NOTAS MUNDIALES

WASHINGTON, julio 5.—Prescott's water supply is to be doubled by the erection of a dam on Banning creek. The contract has been awarded to S. B. Gillies for a dam 65 feet high and 500 feet long, of reinforced concrete construction. The new work is three miles south of the city and at several hundred feet elevation above the highest local service, giving excellent pressure. The city has acquired all rights to the water of the Thorbeck ranch and for the pipe line from the ranch to Prescott. In 1913 the city entered into a contract with the ranch owners to take all water furnished at 10 cents 100 gallons, the service line and ranch to become the property of the city when \$27,500 has been paid. This amount has been reached.

NOTAS MUNDIALES

DUBLIN, julio 5.—Se sabe de magnífica fuente que el gobierno provisional irlandés tiene la intención de hacer mañana un llamamiento nacional a las armas. Esta decisión tomada por dicho gobierno obedece, según se entiende, a ofertas de ayuda de muchas partes.

NOTAS MUNDIALES

CIUDAD DE MEXICO, julio 5.—El Presidente Obregón ha aplazado su aprobación del contrato aprobado entre el Ministro de Hacienda de la Huerta y los banqueros internacionales en Nueva York, relativo al pago de la deuda exterior de México, hasta que dicho ministro regrese de los Estados Unidos y el Congreso otorgue formal aprobación. Tal dice una declaración oficial.

NOTAS MUNDIALES

LIBRO DESPUES DE DOS MESES DE PRISION

Al ser soltado el juez Reave en la causa instruida a William Stricker, de veinte años de edad, por falsificación. El reo ha estado diez meses en la cárcel, y el juez al dar el paso dicho declaró que no pudo descubrir nada que demostrase que el joven fuera otra cosa que víctima de las circunstancias, debido a su buen corazón. No tiene inclinaciones criminales, y los funcionarios de "probación" han recomendado la indulgencia.

NOTAS MUNDIALES

Stricker se casó mientras servía en la marina de guerra, y dice que los padres de su esposa trataron de hacerle creer que el contrato aprobado entre el Ministro de Hacienda de la Huerta y los banqueros internacionales en Nueva York, relativo al pago de la deuda exterior de México, hasta que dicho ministro regrese de los Estados Unidos y el Congreso otorgue formal aprobación. Tal dice una declaración oficial.

NOTAS MUNDIALES

Stricker fue trasladado a esta cárcel del condado, donde ha permanecido hasta ayer, en que se dictó su libertad.

NOTAS MUNDIALES

El Consejo Municipal, estuvo ayer a punto de liarse en un pleito por motivo de las enmiendas a la carta constitutiva, relativas al fondo de pensiones a bomberos y policías. Después de que los ediles se insinuaran por cerca de una hora, se decidió finalmente someter las propuestas enmiendas a la Comisión de Revisión de la Carta. El Oficial del Ayuntamiento, Dominguez, dijo que, después de escrutinio, halló 25-483 firmas verificadas en las peticiones, número mayor del que se requiere legalmente para someter a los votantes los gastos de pensiones. Luego se discutió la cuestión de la fecha en que han de presentarse las enmiendas. Los concejales Conaway, Langdon, Muehly y Sparks votaron por someter las propuestas a los concejales en la próxima sesión, pero se opusieron, pensando las enmiendas a la comisión, la que probablemente las llevará a los concejales en la sesión del Estado, el mes de noviembre.

NOTAS MUNDIALES

Los Osteopatas Eligen sus Oficiales

El Dr. George W. Good, de Boston, Massachusetts, editor de la Revista de Osteopatía, y por seis años miembro de la Mesa de los comisionarios, fue electo presidente de la Sociedad de Osteopatía Americana, en la reunión de la casa de delegados celebrada ayer tarde en el Ambassador. El Dr. O. S. Miller, de San Luis, fue electo primer vicepresidente, y el Dr. E. B. Busch, de Louisville, Kentucky, segundo vicepresidente. Designó Nueva York para la reunión de la próxima convención, que se celebrará en julio del año próximo, sin que se fijara la fecha exacta.

NOTAS MUNDIALES

Baseball

Ayer, en el parque Washington, fue derrotado el equipo de Sacramento, por 5 a 1. En el norte derrotó Los Angeles a Seattle en un partido de doce turnos, por 7 a 5.

NOTAS MUNDIALES

Rogers Hornsby logró ayer su vigésima home run de la temporada en San Luis e igualó la marca de Kenneth Williams, el jugador del St. Luis American, que va a la cabeza de los fuertes bateadores del año.

NOTAS MUNDIALES

La Sra. Mollie Blumsted Mallory, campeona femenina, derrotó ayer a la Sra. H. Edington en los juegos de la mujer del campeonato de Wimbledon sobre patio de césped, 6-2, 4-6.

RECORD ENTRY FOR OPEN GOLF

(BY A. P. NIGHT WIRE.)

NEW YORK, July 5.—Entries for the United States open golf championship to be held next week at the Skokie Club, Glenview, Ill., closed tonight with a record list of 124 players, according to official announcement by the United States Golf Association. This number exceeds by twenty-three the former record entry of 201 at Inverness, Toledo, in 1920. Eleventh-hour entries include two stars from the Pacific Coast—Mortie Dutra of Del Monte, Cal., and Abe Eschbacher of San Francisco, winner and runner-up in the recent Northern California open championship.

TILDEN, WEINER TRIM VETERANS

Champion and His Protege Win in Doubles Tourney

Defeat Hardy and Garland in Three-Set Match

Ralph Burdick Vanquished by Art Hubbell

(BY A. P. NIGHT WIRE.)

INDIANAPOLIS (Ind.) July 5.—Third-round senior singles and first-round doubles play along with the semifinals matches of the junior championships featured the twelfth annual national clay-court tennis championships here today at the Woodstock Country Club.

William T. Tilden II, Philadelphia, world's champion, teamed with Sandy Weiner, Germantown, Pa., his 14-year-old protege, won their first-round match with Samuel Hardy, New York, and Charles Garland, Jr., Pittsburgh, 6-2, 3-6, 6-1.

Leo Lunn and McEl. Rosenberg, Chicago, lost to John McKay and Albrecht Kipp, Indianapolis, 6-0, 6-2. Carl J. Wirgin and G. S. Frambes, Columbus, O., defeated Gustave Grenz and J. Smith, Chicago, 6-1, 6-3. R. Carter and J. Carter, Chicago, and Wray Brown and Ted Herron, Chicago, won their matches by default.

BURDICK DEFEATED

The first real upset of the tournament was the defeat of Ralph Burdick, Indianapolis, by Arthur Hubbell, Chicago, 6-2, 4-6, 6-2.

Fritz Bastian defeated Benjamin K. Parks, Ardmore, Pa., 7-5, 6-4, and was the only Indianapolis player in the fourth round. The second upset of the day came when Wray Brown, St. Louis, who was runner-up in the national intercollegiate meet at Philadelphia, decisively defeated John Hennessey, Indianapolis, 6-8, 6-0, 6-0. Zeno Shimada, Japanese Davis cup player, did not have the trouble with Phil Bettens, California, that he had with Clarence Sanders, St. Paul, yesterday, and Shimada won handily, 6-0, 6-2. Tilden defeated J. B. Adoue, Dallas, Tex., 6-1, 6-0, and Walter Westbrook, Detroit, defeated Edward Haupt, Cincinnati, 6-2, 6-1.

Charles Garland, Jr., Pittsburgh, defeated Louis Kuhler, Cincinnati, 6-4, 6-2, and Theodore Drewes, St. Louis, defeated George Lott, Chicago, 4-6, 7-5, 6-1, in the other singles matches.

COSTELLO HANGS UP NEW SKULLING MARK

(BY A. P. NIGHT WIRE.)

PHILADELPHIA, July 5.—Paul V. Costello of the Vesper Boat Club was busy today accepting congratulations on his remarkable performance when he clipped the nineteen and four-fifths seconds off the world's single sculling record for a mile and a quarter straightaway course. The previous record, seven minutes twenty-four seconds, was established over the same course a month ago by Walter Hoover of Duluth, in winning the Philadelphia challenge cup, in which event Costello finished second, three lengths behind.

Swim Champions Invade Los Angeles

Here are two eastern marvels who chalked up unofficial records in the Santa Barbara Fourth of July aquatic carnival. Ethel McQuay, holder of the world's 500-yard record, appears on the left and Helen Wainwright, 50-yard title-holder, is standing beside her. The latter is reputed to be the greatest all-around woman swimmer in the world. Both are members of the New York and will participate in the Los Angeles Athletic Club swimfest at the Mercury club tomorrow night. (Keystone photo.)

INTERNATIONAL GAMES TO BE THE FULFILLMENT OF WILLIAM GARLAND'S CHERISHED DREAM

BY CHARLES W. PADDOCK
World's Champion Sprinter

One misty Antwerp day many, many months ago a man dreamed a dream. It was a day dream, and all about him were gathered great athletes of the world practicing for the Olympic games soon to be staged. And this man pictured those champions and other champions and greater champions competing for world honors in a sunny city in Southern California. He saw them with their native uniforms and their resplendent suits representative of the several nations of the world partaking of the hospitality of that city and of the city of Amsterdam for the games of '28. Now this man, however, had been very close to seeing his dream realized on that occasion, when he suddenly saw the fulfillment of his vision and hastened in behalf of his city to Paris. When he arrived, however, he soon comprehended that the fighting spirit of the French and their dauntless courage in the face of opposition entitled them to the honor of holding the Olympics.

The foremost object that these games will accomplish is, of course, the promotion of amateur athletics as it has never been promoted before. Every athlete, though he may be proud of his own ability and strive hard to reach the top, glories most in a great event, where victory means more and defeat comes hard. For he is never thinking of the small chance he possesses to claim the laurel crown, on the basis of the large entry list, he dreams only of victory. And it is good that it should be so that a finer spirit may be developed and that stronger physiques will come to the athletes of the world.

Then there is the value which will come to the city of Los Angeles. Here is an advertising medium which will be felt throughout the world. For a year and more every great journal will carry a story probably once a week advertising these games and noting the progress which is being made. Los Angeles cannot fail to be immensely benefited by this.

TEXAS TO HAVE THE BANGTAILS

Racing Plants to be Built in Dallas-San Antonio

Live-Stock, Exhibition Fairs to be Included

Sport Will be Conducted Without Betting

(EXCLUSIVE DISPATCH.)

AUSTIN (Tex.) July 5.—It is planned by A. J. Olivier, president of the International Jockey Club of Mexico City, and associates to build in Texas two of the best-equipped racing plants in the United States, one to be located in Dallas and the other in San Antonio. Mr. Olivier made this statement while in Austin a few days ago for the purpose of conferring with State officials in regard to obtaining a charter for the company that is to be organized to operate the proposed enterprise.

In connection with the racing events a live-stock exhibition and fair will be held. Formerly much attention was given to breeding race horses in Texas, but with the enactment of an antibetting law the horse racing features of the annual fairs were to a large extent done away with and the breeding of thoroughbred animals abandoned. It is now the purpose of Olivier and associates to revive interest in horse breeding through the big racing events which are to be given in Dallas and San Antonio.

WITHOUT BETTING

"In New York State has been proved that horse racing can be successfully conducted without betting, oral or any kind, and that is our idea in creating interest in fine stock in Texas," declared Mr. Olivier.

The interests that I represent control and operate eight large racing hippodromes on this continent, three in Canada, four in the United States, and one in Mexico. There are always from 150 to 1600 thoroughbred animals racing at each of these places during a meet. When we transported our animals to Mexico, approximately 750 fine horses passed through San Antonio and Dallas, in addition to the jockeys, stablemen and others connected with the business.

"Our proposition is to have these strings stop at Dallas and San Antonio. Liberal purses will be paid out of the gate receipts, as is done elsewhere. It will create great interest in fine horses in Texas."

MOLLA MALLORY IN SEMI FINALS

Triumphs Over Mrs. Edginton in Straight Sets

Meets Mrs. Beamish in Crucial Battle Today

Will Probably Face Suzanne Lenglen in Finals

(BY CABLE AND ASSOCIATED PRESS.)

WIMBLEDON, July 5.—Mrs. Molla Mallory has won her way to the semifinals of the women's singles in the grass court tennis championship. She defeated Mrs. H. E. Edginton of England, today, 6-2, 6-4, on a sodden court which became extremely muddy as the play progressed. This victory brings Mrs. Mallory one step nearer her longed-for match with the little French world's champion, Suzanne Lenglen.

Mrs. Lenglen by her defeat of Miss Elizabeth Ryan on Tuesday, had already qualified for the semifinals and therefore did not participate in today's matches. But she was on the ground watching every movement of her American rival.

Mrs. Edginton, Mrs. Mallory's opponent today, is tall and slim and plays rather an old-fashioned, underhand sliced shot, with which she is extremely accurate. She is considered a stone wall in defense, and seldom misses a returnable ball, so that the American champion is considered to have done most creditable work in not conceding more games than she won with something in hand at all times, but made several errors in the second set, which, however, were hardly to be avoided because of the bad condition of the court.

Mrs. Mallory has reached the semifinals without losing a single set and is doing so, has defeated Mrs. Keays Hullick, Mrs. Parton and Mrs. Edginton. But tomorrow she is to meet Mrs. Beamish and this will be the greatest test concerning which critics are opinionated.

Mrs. Beamish has already won over the American on two occasions, but has also been defeated by her. In the Koorhamp tourney Mrs. Mallory, after having won the first set from Mrs. Beamish in the finals on June 14, of a score of 8-1, appeared to let down in her play and lost the match in the next two sets. Previously she had shown herself much superior to the English star. Therefore the outcome of the contest in the present tournament between these two women is being looked forward to with great interest.

Heat doesn't affect Buick

THE new Buick is a marvel for cooling. Equipped with the last word in cellular type radiators, with a strong circulation of water assured by a centrifugal pump, and a pressed steel fan driven by an adjustable flat belt from the cam shaft, the entire cooling system is so efficient that it is practically impossible to overheat the new Buick.

To the motorist who has driven a car whose cooling system was unable to properly cool the motor under the extra load of mountain travel or long desert drives, the new Buick offers freedom from heating trouble and the resultant driving comfort. Winter or summer, mountain or desert, the new Buick is setting new records and daily making new friends.

ANGELS SPRING A BIG SURPRISE

Take Up and Cop a Twelve-
inning Contest

Finally Down Indians in a
Hot Struggle

Driven from Box in
Eighth Canto

(SPECIAL REPORT.)
ANGELES, July 5.—Red Kille-
brew was a white of a game from
the start today, 7 to 6, but
twelve torrid innings
with the Angels on the winning
side.

Very much as if the
Angels boys had the game

OFFICIAL GETS REALTY SHOCK

Charley Doyle, former
pitcher and outfielder for
the Sacramento club, and
now its secretary, regrets
that he didn't ask all his
earnings in Los Angeles real
estate some years ago.

About twelve years ago he
and Bobby O'Keefe bought
a couple of lots apiece out
on Wilshire, not far from
what was once the Los An-
geles Country Club. They
paid \$100 per lot for them.

A few months later Doyle
was offered \$1400 for his
two. He snapped it up,
more than satisfied with
the \$100 profit on his in-
vestment.

Yesterday he was taking a
drive through that section.
He inquired regarding the
price of property. When
told that a lot had sold for
\$12,000 not far from his
original purchase he swooned
on the back seat. Keefe
held one of his lots for a
few years, and cleaned up
\$5000 on it.

Doyle said for a while he
wasn't sure of himself.
He said he was sure of
himself.

REDLANDS WINS OVER RIVERSIDE

Vanquished Tennis Team
Still Retains Lead in Cit-
rus League

(SPECIAL DISPATCH.)
REDLANDS, July 5.—Redlands
defeated the Riverside team in the
Citrus Belt Tennis League in the
match this week by a score of
5 to 1, but Riverside is still lead-
ing the league, having lost, but
one match, while San Bernardino
and Redlands have each lost two.

Riverside's team in the matches
here was not the veteran team that
has been winning all season. It
was a team made up largely of the
family of famous Dole, athletes
par excellence. G. E. Dole, headed
the team, and his two nephews,
R. W. Dole, who has just gradu-
ated from Annapolis, and D. D.
Dole, who played on the Stanford
football team last season, played
with him. The fourth man was
Dr. Neiderhiser, who played a good
set, although he has passed the
sixty-year mark.

The results were as follows:
SINGLES
G. E. Dole beat Hoffer, 1-2; 5-0, 6-4.
Dole beat R. W. Dole, 6-0, 6-2.
Dole beat D. D. Dole, 6-0, 6-2.
Dole beat Neiderhiser, 6-0, 6-2.

DOUBLES
Dole and Dole beat G. E. Dole and R. W.
Dole, 6-0, 6-2.
Dole and Dole beat R. W. Dole and D.
Dole, 6-0, 6-2.

STRANGLER LEWIS DEFEATS EUSTACE

(BY A. P. MORTIMER.)
WICHITA (Kan.), July 5.—After
tossing Ed "Strangler" Lewis
world champion wrestler, for the
first fall in thirty-eight minutes and
thirty seconds, with a reverse arm
lock, Alan Eustace of Wakefield,
Kan., lost the next two falls in
short order here last night. Lewis
took the second fall in twelve min-
utes with a toe hold, and the third
in less than thirty seconds with a
toe hold.

HORNSBY TIES KEN WILLIAMS

Clouts His Twentieth Homer
of the Season

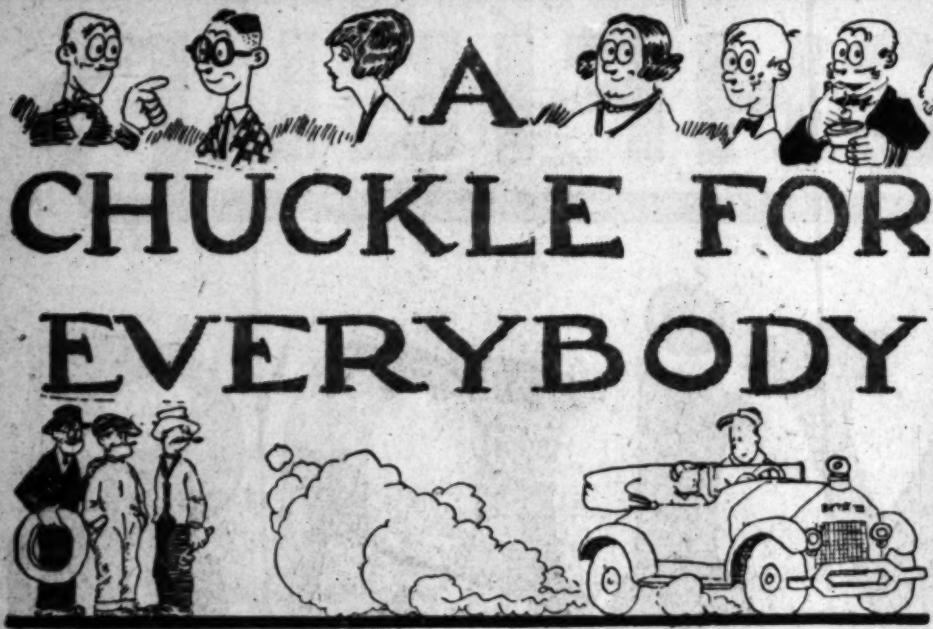

Helps Cardinals Trim Reds
by Top-Heavy Score

Cubs Trounce Pirates Badly
by Bunching Hits

(BY A. P. MORTIMER.)
ST. LOUIS, July 5.—The
Cardinals battled Mackie hard in
the second and third innings in
which they scored ten runs and
defeated Cincinnati, 11 to 4, in the
final game of the series. Rogers
Hornsbey hit his twentieth homer of
the season in the eighth inning,
tying Kenneth Williams of the local
Americans for the 1922 major
league lead. At this time last
year, however, Babe Ruth had
slammed out thirty-one. The score:

ADAMSON'S ADVENTURES

Thanks to a Careless Hot Carrier, Adamson Scores a Come Back

By O. Jacobsson

Can You Think of an Idea as Funny or Ranner Than This? If So, Send It In and Win a Cash Prize. Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10, and next \$5, and all others available \$1 each. Must be original, local, "drawable" and funny. Each picture must be described in words or a rough sketch. Title and dialogue must be supplied. All strips must be members of the Wad family—Cicero Wad, the spender; Titus Wad, the nickel nigger; Mrs. Spenda Wad, club and society woman; Watt A. Wad, sports; Elva Wad, mousy and frivolous daughter; Gunn Wad, 15-year-old terror; and Cicero Wad, Jr., the baby. Write on one side of paper only. Address all communications to Mr. Wad, care The Times. Anyone may compete and submit as many ideas as desired. No manuscripts or drawings will be returned.

Interurban Bus Line Franchise Asked Pasadena

By a "Times" Staff Correspondent
(EXCLUSIVE DISPATCH)

PASADENA, July 6.—G. F. Dickerson of Alhambra, applied to the Pasadena city council today for a franchise to operate an interurban bus line between Pasadena and Los Angeles.

The proposed line would follow the Santa Anita road, which runs from Pasadena to Los Angeles, and would be operated by the Pasadena Interurban Bus Company, which Dickerson has organized.

The city council will consider the application at its next meeting, which is scheduled for July 13.

Dickerson said that the proposed line would be operated on a profit basis, and that the fares would be the same as those charged by the Los Angeles Interurban Company.

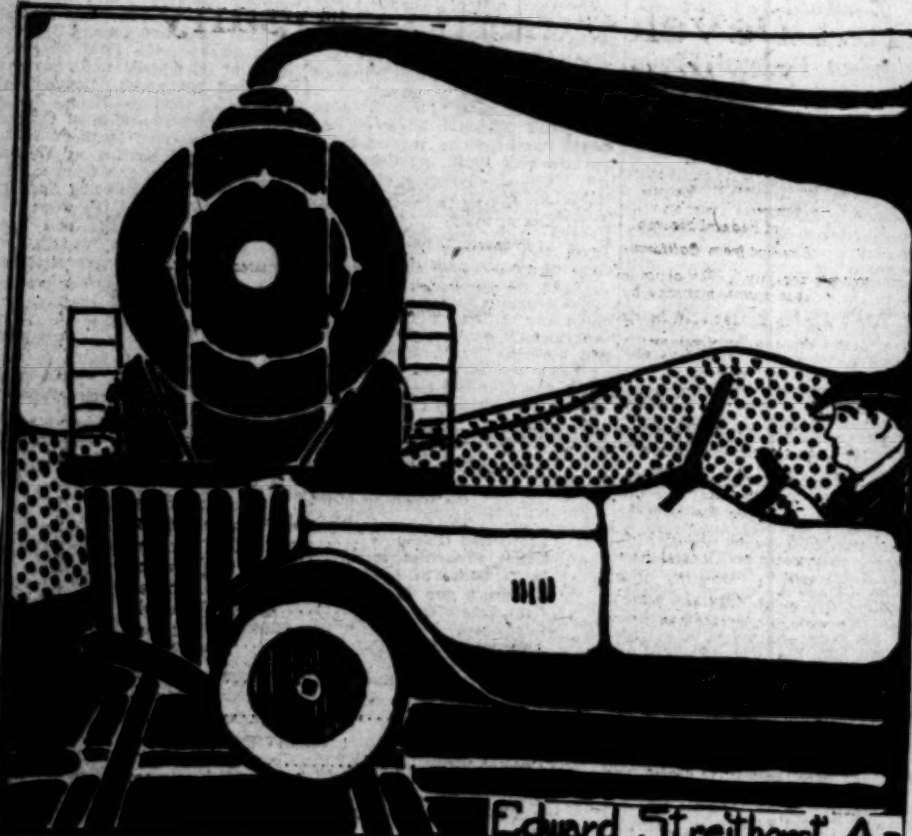

The proposed line would be operated on a profit basis, and that the fares would be the same as those charged by the Los Angeles Interurban Company.

the City Directors for a franchise for a motor bus route between Pasadena and Los Angeles, with ten-minute service during rush hours and 15-minute service in rush hours. No rate differential was mentioned, but it was said the proposed route would be 10% lower than the Pacific Electric rates.

Directors referred the application to City Manager Koiner for investigation and report. The Pasadena City Board is expected to decide before the Directors for

LOS ANGELES EXCHANGE

Prices showed a tendency to advance on the Los Angeles Stock Exchange yesterday following the three-day adjournment, but the market still remained more or less inactive. United Oil furnished the feature of the day as was expected, following the announcement of its bringing in a new well over the week-end. Although this stock opened at an advance of 6 cents over Saturday, a sudden influx of realizing sales sent it down to 9 1/4, a net loss of 1 cent.

Southern California Edison common scored a new high, reaching 19 1/2 at the close. Mining stocks were generally higher, Oatman United advancing 3 1/2 to 27 1/2 cents and Telluride 1 1/2 cents to 27 1/2. United Eastern was unchanged at \$1.65.

Following are the closing quotations and sales as posted yesterday in the Stock Exchange Building:

Stock	Price	Stock	Price
California Bank	227.00	United Oil	9 1/4
California Nat. Bank	212.00	Oatman United	27 1/2
Commercial Nat. Bank	212.00	Telluride	27 1/2

Terminal Development Company

First Mortgage Ten-Year Sinking Fund 7% Gold Bonds
Non-Callable

Dated July 1, 1922. Due July 1, 1932. Total authorized \$300,000 (Closed Mortgage). Coupon bonds in the denominations of \$1,000 and \$500. Registerable as to principal. Interest payable January and July 1st at the Los Angeles Trust and Savings Bank, Los Angeles, without deduction of Federal Normal Income Tax up to 2%.

Exempt from California Personal Property Taxes

A quarterly sinking fund, commencing July 1, 1924, of not less than \$35,000 annually, will provide for the retirement of the issue prior to maturity, by purchase in the open market.

Los Angeles Trust and Savings Bank, Los Angeles, Trustee

All legal matters incident to the creation and issuance of these bonds will be approved by Messrs. Gilman, Dunn and Crandall for ourselves and by Messrs. Farnham & Sloan for the Company.

Security

This issue will be secured by a closed first mortgage on a two-story, brick and concrete building on property held under a ninety-nine year lease at the southeast corner of Third Street and Central Avenue, one block North of the Southern Pacific Railroad Depot in the City of Los Angeles. The property has a frontage of 315 feet on Third Street and 531 feet on Central Avenue, and is now improved with a two-story brick building covering a portion of the property, and which has been appraised at \$110,000. A contract has been let for \$300,000 for the construction of a one-story, Class "A" reinforced concrete addition and for the remodeling of the present buildings. Upon completion of this work the property will be improved with a modern two-story brick and concrete structure designed and equipped as a Railway Terminal Post Office, and is leased to the United States Government for a period of twenty years at an annual rental of \$125,750.

Appraisal

The ground lease, existing buildings and the Shatto Place residence have been appraised by Edward D. Zehner, Chief Appraiser for the California State Banking Department, at \$450,000. In addition thereto, the contract of \$300,000 for new construction, together with the equity in the capital stock of the Union Terminal Warehouse Co., gives a total valuation of \$850,000 for all properties pledged as security, or approximately 2 1/4 times the amount of this bond issue.

Earnings

Estimated annual earnings are as follows:

Income	Amount
Post Office lease	\$125,750
Total Annual Income	\$125,750

Expenses	Amount
Ground Rent, Taxes, Insurance and all other operating expense	\$4,000
Total annual operating expense	\$4,000
Available for bond interest	\$121,750
Greatest annual charge, bond interest	\$21,000
Annual charge, sinking fund	\$35,000
Total annual charges	\$56,000
Annual Surplus	\$65,750

Based on these estimated annual earnings, the net income available for bond charges is over 3 1/4 times interest charges, and approximately 1 1/4 times the greatest annual interest and sinking fund charges combined.

We offer the above Bonds, when, as and if issued.

Price 100 and Interest Yielding 7%

WHAT'S BEHIND ACTIVE STOCKS

NEW YORK, July 5.—Montgomery Ward—22%
NEW YORK, July 5.—Periods of depression always leave their mark on the mail-order houses, especially when accompanied by serious credit strain in the agricultural regions. Montgomery Ward & Co. suffered with the others during 1921, from a heavy loss in inventories and substantial decrease in orders. Sales fell from \$101,745,000 in 1920 to \$68,523,000 in 1921. The corner was turned last August, however. The 100 per cent advance in the common stock in recent months reflects not only the increase in inventories and substantial increase in orders, but also the company's success in bringing expenses under control. The two largest assets behind the stock are \$17,457,000 in property and stocks in affiliated companies, and inventories valued at \$16,767,000 after a liberal write-off. Net assets applicable to a share for the preferred and common are equal to \$44.2 a share. The 1921 loss resulted in a profit and loss deficit of \$7,677,000, but net working capital at the end of the year amounted to \$14,766,000. The \$10,412,500 common is preceded by \$4,249,000 of preferred and 205,000 shares of class A stock entitled to \$7 cumulative dividends. The company guarantees \$500,000 of a subsidiary company's bonds, but has no debt of its own. Range of stock of new company: High, 45 1/2 in 1919; low, 12 1/2 in 1920, 1921 and 1922; yesterday's close, 22 1/2.

The Highest Type of Public Utility Bond

BOND should be judged not only on the basis of its appraised collateral, but also on the character of the issuing company—its history and its future prospects.

The General and Refunding Mortgage 5 1/2% 25-Year Gold Bonds, just issued by the Los Angeles Gas & Electric Corporation are not only well secured in point of property values, but they also have back of them a remarkable record of growth and success, with every promise of still greater development to come.

These bonds are obtainable now at the attractive discount price of 96 1/2, and, judging by past issues (which have shown substantial market increases over the initial offering prices,) there should be an important advantage in the purchase of these bonds at today's price. Circular on request.

DAILY TRADE TALK

Warning the Small Investor; Crop Summary; Big Jewelry Trade; Autos in Japan

BY CHAPIN HALL

The small investor, in many instances, is an indifferent investor. He accepts the statement of salesmen as gospel and often parts with hard-earned funds without actually informing himself of the merits of the proposition in which he has become interested.

Since the war a tremendous amount of money has been lost in the "futures" of the glibly recited story of promoters working upon a commission basis upon a legitimate business. There is no way of arriving at an approximate estimate of the gross sum thus thrown away, but it is certain that it has been carefully administered many families would be happier today.

Recent complaints reaching Trade Talk warrant the repetition of advice often given before. Don't invest your money without full and careful investigation of the company with which you propose casting your financial lot.

"But," it is complained, "the small investor has no means of making such investigation." We are all we usually employ a physician in whom confidence is reposed, when we are in legal difficulties we consult a lawyer. So, when in need of advice on investment matters go to a reputable investment banker, or to your bank and state the case to those whose business it is to know.

This investigation should be made before the investment is consummated. It does not save the automobile to buy a lock after the car is stolen. Every newspaper, banker and bond man is familiar with the hard luck story of people who have lost their savings through unfortunate investments. It's too late then, but there are plenty of facilities available before the die is cast to make sure.

When a rich man decides to invest a sum of money he takes every means of finding out all about the matter before he puts up his cash. The smaller investors, who can least afford to lose, seldom do anything but plunge recklessly into something that uses up all their surplus capital.

WITH THE CROPS

The crop situation is working out better than was expected during the long period of doubtful weather which disturbed calculations and estimates in the spring. E. E. Kaufman, statistician of the California Co-operative Crop Reporting Service, makes the encouraging statement that apricots are showing up in advance of estimates, while peaches promise to equal or exceed the record year of 1919. Muscat grapes are doing well, but Thompson seedlings are shy.

The apple crop condition is set at 58 per cent of normal, compared with 58 per cent last year and a ten-year average of 78. Present conditions indicate about 7,231,000 boxes, compared with 4,500,000 boxes in 1921. Apricots improved and are now 58 per cent of normal, as compared with 45 last year and a ten-year average of 58. Cherries lost heavily and are now 70 per cent of normal, compared with 70 on May 1, 1923, and a five-year average of 76. Peaches improved to 84, compared with 73 last year and a ten-year average of 82. Butternut, the big cling-peach county of the State, reports better than a normal crop; Fresno, having the largest production of any county in the State, has almost a full crop. Crop indications for the 42,000 tons, against 220,000 tons last year.

There was a heavy slump in pears. The plum crop is spotty, some varieties showing only a crop, while others are practically normal. Prune-growing sections suffered from frost. The olive crop in Los Angeles county is said to be somewhat below normal.

The condition of oranges is mixed and the bloom has been late and irregular. Lemon blooms have been late. The almond crop is 78 per cent of normal and a record production is indicated. Walnuts are 83 per cent of normal, with production to be somewhat

less than in the record year of 1919. Grape conditions have been generally favorable and indicate practically a normal crop of raisins and wine grapes. Table grapes, particularly Muscat, show a light setting of fruit. Cotton is 84 per cent of normal. Sugar beets are about 55 per cent of normal, and indications point toward considerable decrease in the area planted as compared with 1921.

The average report on beans will not be made until July, as a large proportion of the beans in the Sacramento and San Joaquin Valleys are not planted until late in June. Lima beans in Southern California are reported as making good growth.

Japan is a fruitful field for automobile salesmen. The narrow lanes of the chrysanthemum kingdom are giving way to paved highways, and travelers returning to Los Angeles report that the automobile market is being opened, in which American manufacturers will naturally have the largest participation.

The Japanese advertisement, which would have done credit to most cities in the United States, of American advertisers, Ford, Dodge, Pierce-Arrow, Buick, Cadillac, Chrysler and Chalmers are particularly prominent. Standard Oil has all of the last year, and the Vacuum Oil and the Goodyear company are well represented.

June was a satisfactory month for the jeweler. Weddings, anniversaries and compensations all ways made the season active in this branch of trade. In Los Angeles, however, business has been well sustained throughout the first half of the year, and dealers see no reason for a diminution as the season advances. The jewelry market is in demand for artificial pearls of the better grade. Diamond prices are firm and the demand good.

There has recently been a decided movement in those of the jewelry variety. Earrings, according to information, are losing some of their vogue, but electrical silverware is popular. There is said to be more inquiry for artistic designs, with a corresponding lessening of the "bare" for plain designs.

The installment jewelry store, in a good basis, and goods sold in this manner represent a fair percentage of the whole. In general the trade in this community is well grounded and prosperous.

Shell Union preferred stock was quoted for the first time on the New York curb yesterday. Four hundred shares were sold at \$4 on a when-issued basis. A total issue of \$25,000,000 of this 6 per cent series "A" stock was floated on May 15 by E. C. Lutz, Lutz and Lee Higginson syndicate at \$4 and accrued dividends. So far there has been no market set on the common stock of the new corporation. 2,240,000 shares of which are in the hands of the old Union of Delaware and \$3,760,000 are held by Royal Dutch Shell interests.

When this will be and the ratio of Delaware stockholders will not take place until that company has finally liquidated its indebtedness. When this will be and the ratio of Delaware stockholders will not take place until that company has finally liquidated its indebtedness.

AN OVER-SUBSCRIPTION For the first time in many weeks, the word "over-subscription" was heard in the Los Angeles market. An offering of \$20,000,000 H. F. Goodrich Company first mortgage twenty-five year 6 1/2 per cent bonds, due 1947, and priced at 97 to yield 6.75 per cent was the cause. These bonds were reported entirely sold within two minutes after the books were opened and were quoted at a 1/4-point advance on the New York market. Local bond men took this feverish reception of the new issue as an indication that the strong absorptive power of the bond market of three months ago had returned once more, stimulated by the usual July distribution of capital.

DETROIT CITY GAS BONDS The Detroit City Gas Company, which, with its predecessor, has been in successful operation for more than half a century, has sold to a syndicate headed by Halsey, Stuart & Co., and including the National City Company, Lehman Bros. & Goldman, Sachs & Co., \$12,000,000 of its first mortgage twenty-five year 6 per cent gold bonds, series A. The purchasing syndicate will offer the bonds to the public today at 97 1/2 and interest to yield about 6.20 per cent.

NEW STRAUSS ISSUE B. W. Strauss & Co. have purchased \$2,300,000 6 1/2 per cent first mortgage and collateral trust bonds of Sanger Bros. department stores, of Dallas, Waco and Fort Worth, Tex. The bonds are being offered at par and accrued interest. The term of the loan is one to twenty years. Interest coupons are payable January 1 and July 1. The average net earnings of the company for the last five years were three and one-half times the maximum interest charges on the bond issue.

TICKER TICKS Evidence of absorption of Standard Oil of California, following the report that this character of buying has been going on since the Standard Oil of California specialists' character suggests that the absorption of the Standard Oil of California of higher value interests held by this company. Higher prices are predicted for the stock.

EDISON PLANS NEW FINANCING

Plan Calls for 1 Per Cent Money Cost Saving

Statement Shows Company Soundly Financed

Stock Limited to 7 Per Cent to be Issued

Following the big over-subscription of Edison common stock resulting in the discontinuation of its sale a week ago the Southern California Edison Company yesterday took the preliminary steps to institute a plan of cheaper junior financing, which will mean a saving of 1 per cent or more in the cost of its money. President John B. Miller has issued formal notice to the 47,000 stockholders of the company of a meeting to be held on August 1 to consider the plan. In his letter to the stockholders President Miller says: "A greater proportionate earning will be provided for the benefit of the present stockholders. A cheaper means of financing for new construction requirements will be provided."

In announcing this plan for the issuing of the new stock, President Miller said: "The Southern California Edison Company has been conceded to be one of the most soundly financed utilities in the country, and this new move, in the face of cheaper money conditions, is an evidence of the foresight of its management. The company's general policy is to provide the poor part of being new stock paying 1 per cent dividends has been sold. It is now proposed to substitute a stock limited to 7 per cent dividend for future sales, thus resulting in the company securing funds at 1 per cent more than formerly, with the resultant benefit to present stockholders. This will make additional funds available for dividends on the stock outstanding."

FINANCIAL CONDITION While the plan can be made effective only under the authority of the Railroad Commission, it is hoped that this will be granted prior to the stockholders' meeting on August 1.

In his announcement to the stockholders President Miller said: "Through the unprecedented distribution of common capital stock known to the history of Southern and Central California, your company is now in a most enviable position. In 1917 it adopted the policy of having a large number of partner stockholders with the result that between 1917 and the present there have been sold about \$25,000,000 par value in common stock and the number of stockholders has been increased from less than 200 to over 47,000. This splendid result makes possible a rearrangement of the company's capitalization to provide for future financing at less cost which should provide a greater surplus available for dividends on common stock."

In a financial statement contained in his letter President Miller says that the present capitalization of the company consists of:

Preferred stock, \$10,000,000; common stock, \$15,000,000; total, \$25,000,000. The common stock is now in a most enviable position. In 1917 it adopted the policy of having a large number of partner stockholders with the result that between 1917 and the present there have been sold about \$25,000,000 par value in common stock and the number of stockholders has been increased from less than 200 to over 47,000. This splendid result makes possible a rearrangement of the company's capitalization to provide for future financing at less cost which should provide a greater surplus available for dividends on common stock."

Water is a necessity for every form of life. On the east side of San Francisco Bay are 400,000 persons dependent on the East Bay Water Company for their water supply. The management of this company is conscious of its obligation to its patrons. Earnings are increasing steadily.

Class "A" 6% Cumulative Preferred Stock at today's price yields about 6.80%

First preferred stock, of which \$4,000,000 was authorized and an equal amount outstanding. Of the second preferred \$12,500,000 was authorized and \$12,500,000 outstanding. Of the common there was authorized \$1,500,000 with \$1,500,000 outstanding, making a total authorized capitalization of \$10,000,000, of which \$6,437,500 is outstanding.

It is now proposed to rearrange the capitalization so as to provide for the original preferred stock of which \$4,000,000 will be authorized with the same amount outstanding; preferred stock \$36,000,000, with \$36,000,000 outstanding. Of the common \$40,000,000 will be authorized, with \$40,000,000 outstanding, making the total capitalization \$116,000,000 with \$116,000,000 outstanding.

"The original preferred stock will occupy the same position as the present preferred stock," says President Miller in his communication. "All of the second preferred stock will be retired. This rearrangement will make available a new stock limited to 7 per cent dividends, which will be used to provide a part of the funds needed for the company's construction program, which during the next ten years includes the development of approximately 1,000,000 horsepower of water power on the company's Big Creek project, with appurtenant transmission lines and distribution systems."

"It is generally recognized," Mr. Miller concludes, that this great development will be of inestimable value to the public in providing an abundant supply of cheap water power for future needs. This new plan will also eliminate the present outstanding \$12,500,000 face value of second preferred stock by the issuance in place thereof of \$36,000,000 of new 7 per cent preferred stock, thus immediately resulting in an improvement of the position of the common stock by the reduction of \$23,500,000 of outstanding capitalization."

"It is the opinion of your directors that the successful consummation of this plan will be of material benefit to the company in stabilizing its future finances. Substantial benefits will also accrue to the common stockholders, not only through increasing the equity of their stock, but through providing a greater surplus available for dividends."

Each of the above issues is Exempt from California Property Taxes and from all Federal Income Taxes, and each is a Legal Investment for Savings Banks in California.

Sperry Flour Company

First Mortgage 6% Bonds

These bonds will constitute the sole mortgage indebtedness of a company which has been in successful operation since 1892, and represents an amalgamation of businesses established many years prior thereto.

Sperry Flour Company is the largest manufacturer of flour on the Pacific Coast. Its products, for which there is a stable demand, are marketed under such well-known trade names as "Drifted Snow," "Encore Pancake Flour," "German," "Apple Blossom," etc.

The security back of this issue is represented by a sound property value of \$11,289,631, with net current assets as of April 30, 1922, amounting to \$4,235,955, without giving effect to this financing.

A sinking fund commencing June 1, 1923, amounting to 15% of the net earnings after proper charges, and in any event not less than \$100,000 will be paid to the Trustee and will be used to purchase bonds in the open market, or to call by lot at the call price, or upon order of the Company to be invested in approved securities.

A bond holder will add excellent diversification to his list of holdings by the purchase of these Sperry Flour Company bonds. An investor making his first investment will find here safety for his principal and dependability for his income. We offer bonds, due 1942, at 98.50 and interest to yield over 6.10%.

Write, telephone or call at our office today for full information.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WORK]

NEW YORK, July 5.—Trading
in the stock market today was dull
and almost devoid of feature, aside
from the pressure directed against
several of the speculative favorites,
notably foreign oils.

Mexican Petroleum and the "A"
and "B" issues of Pan-American
Petroleum were under constant fire
at extreme losses of 6 to 12 points.
Selling of those shares was accom-
panied by out-of-town reports and
later from local sources which re-
ceived familiar statements of salt
water damage.

There were intimations also that
relations between Washington and
Mexico City had become strained
over the question of recognition and
the remission or reduction of oil
export taxes, but in no authorita-
tive quarter were these reports
credited.

The acute heaviness of Mexicans
was the more striking from the
strength displayed by a majority of
the domestic oils. Chief among
these were Associated, Pacific,
Coca-Cola and California Petroleum
in which final quotations showed
gains of 1 to almost 2 points.

The most hopeful development of
the session was the firmness of
rails, many of that group registered
gross gains of 1 to 2 points on
covering of spot contracts,
prompted in part by the more so-
bering aspects of the strike situa-
tion.

Pools were active in selected
specialties and several of the mis-
cellaneous division established
highest prices of the year. Coca
Cola, Mallinon and Dupont, the
latter at a further temporary gain
of 6 points, were among the con-
spicuous features of the day's
professional operations. Sales
amounted to \$55,000 shares.

Progressive ease was shown by
the money market, call loans drop-
ping from 3-4 to 4-5 per cent at
midday and to 4 per cent in the last
hour. Two to three months loans on
a 4 per cent basis were again pri-
vately negotiated, but the 6-8 rate
was 4-5 per cent.

Confusing conditions marked the
day's active dealings in foreign ex-
change. Of all the important rates,
British bills along were strong, ris-
ing 2 1-2 cents over Monday's clos-
ing figures. Allied bills were lower,
by about 16 to 20 points, the Dutch
rate rose 1-4 points with the
Danish rate and Norwegian and
Swedish remittances forfeited 15
points each. Of the minor ex-
changes, the Greek rate again lost
ground, declining almost 30 points.

Prominent Banker's valuation of Consumers Milk Co. Stock

We asked a prominent banker to give us a report on Consumers Milk Company after we presented all the facts of our organization. Years of experience in the investment field, and a thorough knowledge of industrial conditions in the development quality this financial expert to a correct analysis. We quote the expert's words:

"Your very necessary company has my heartiest sympathy and co-operation, and I will endeavor to set forth some of the reasons:

"First, it will supply the crying need of thousands of small children and infants with (sanitary vitamin) dairy products at a reasonable price.

"Second, it will enable the producer to secure his fair share of the products of his labor, and thus enable him to give his family more of the products of his own.

"Third, as I understand it, your institution was organized to give every one who is in any way connected with the Dairy Industry a square deal. You have nothing to lose as you are in the fortunate position that you can tell the whole story."

"Having traveled along this road from one end to the other, for a number of years, and being so familiar with all phases of it, I feel that the CONSUMERS MILK COMPANY should be able to fill this need in a way that no one has ever done or attempted before."

"Since I consider that your company is organized on a fair and equitable basis to all concerned, I do not hesitate to recommend it to both the producer and the consumer."

(Name on Request.)

A thorough investigation of CONSUMERS MILK COMPANY coupled with foresight will convince you, we feel sure, of the great profit possibilities which lie in an investment here. INVESTIGATE!

Finance Your Company Successfully!

Let the others do the talking about "hard times" and slow sales—all you have to do is remember that there is always money waiting to be put into the right proposition. While others are trying to put you and your business into a force of salesmen, or waiting until "conditions" are right, hear this in mind—the RIGHT PLAN GETS THE MONEY—raises capital steadily and swiftly.

I Have Shown Others How

Men who came to me when other methods had failed for short of financing, and my PROVEN PLAN and was. An overwhelming mass of men in an industrial or mining industry is the best proof—and you can see after that kind of proof with confidence of overwhelming results.

USE This Plan!

I do not say that everyone can succeed by this or any other method, but my plan deals with letters from enthusiastic clients who praise the amazing results won through my service. If you have confidence in your own proposition, then that confidence can be conveyed to others—conveyed to investors all over the nation, who have money waiting to go into the financing of a plan, legitimate enterprise.

Make Me Show You Proof and References

No one knows better than you how quickly you need to raise money—want it quickly and in big amounts. Then don't hesitate. Get in touch with my service manager, Mr. Tolier, and "talk turkey." Make him show you how he has helped others who have secured money through my plan, quick method of securing capital. Get a free copy of my book, "Quick Financing." Go over the details of the short-cut to swift success.

Whether you have \$25,000 or \$1,000,000 to raise, you need capital QUICKLY—ACT the same way.

PRICE RISE SHOWN IN FOOD COST

General Two Per Cent Rise Follows Increase in Wholesale Market

Food costs the average American 1 per cent more than it did one month ago, according to reports to the United States Department of Labor. The increase is not greater in percentage is surprising to observers who have been watching the range of prices set during the last few months.

Wholesale prices began to rise several months ago. It was then predicted that retail prices of food and other commodities had reached a "rock-bottom" and that a steady increase would develop. Retail prices usually follow wholesale prices after sixty to ninety days. The retail price level, however, at present is responding to the wholesale increase with more than the usual delay. Present retail prices stand at a level approximately 4 per cent below the level of January, despite the slight increase of the last thirty days.

Extensive fluctuations occurred during the last thirty days in average prices of fourteen principal foods. The average increase for eight principal foods and decreased for six.

Cabbage increased in average price 1 per cent, onions decreased 2 per cent, eggs increased 3 per cent, fresh milk declined 3 per cent, cheese 4 per cent and butter 1 per cent; striped steak rose 4 per cent and lamb 3 per cent. This is in line with a general increase of all meat prices which has been going on for several months. Sugar declined 1 per cent.

Seasonal influences affected the fluctuation in prices in some of these commodities.

The Labor Department's index of food prices is intended to cover the entire country. It is based upon reports from more than fifty cities. Prices of each commodity are obtained from several dealers in each city and the quotations averaged for that city. These local averages then are reaveraged with similar quotations from other sections. Finally the national averages are considered in the light of the proportion of each particular food ordinarily consumed by the average family.

METAL MARKETS

(REUTERS DISPATCH.)
CLEVELAND, July 5.—The Iron Trade Institute here today issued an article, which is a valuable addition to the knowledge of the iron and steel industry. It is a reprint of an article which appeared in the Iron Age, a leading authority on the subject. The article is a reprint of an article which appeared in the Iron Age, a leading authority on the subject. The article is a reprint of an article which appeared in the Iron Age, a leading authority on the subject.

FLAXSEED MARKETS IN THE NORTHWEST

(REUTERS DISPATCH.)
SEATTLE, July 5.—Flax seed was quoted in the Northwest at 12 1/2 cents today, according to the Northwest Flaxseed Association. The price was up from 12 cents yesterday.

THE COUNTRY OVER

(REUTERS DISPATCH.)
FORT WORTH, (Tex.) July 5.—Hot dry weather, such as has obtained the latter part of June has raised the hopes of farmers, merchants and bankers throughout the Texas cotton belt. The farmers are now engaged in a desperate battle against the devastating boll weevil. The pest appeared in the Texas Delta earlier this year than ever before and its presence a month ago discouraged all connected with southwestern agriculture. The weevil, however, has helped in the campaign to stamp out the weevil.

BOSTON, (Mass.) July 5.—Local supplies of bituminous coal in New England have been well used up and the coal situation is attracting more attention. If the strike continues, manufacturing curtailment will begin. Except for this, however, the outlook in New England is encouraging. Industrial activities were slightly greater in June than in May, despite the seasonal tendency toward slowing down. The woolen mills, except where there are labor troubles, are busy and are making money. The metal trades show steady improvement, although sales of machinery are still below normal.

SAN FRANCISCO, July 5.—The customary summer dullness is absent from this region, although this is the height of the vacation season. Bank clearings week by week are registering an increase over those of last year. Both wholesale and retail trade are showing gains of about 15 per cent in comparison to a corresponding period of 1921. Building permits are being issued in increasing volume and nearly all lines of business show improvement. Lumber mills are running full time to keep pace with the demand, which is coming from all over the country.

FRIED BY JURY
Mark Walker was acquitted yesterday by a jury in U. S. Judge Trimmer's court where he had been charged by the police with transporting a half pint of whisky on June 10.

MOODY'S Public Utility Rating Book For 1922

THE ONLY COMPLETE AND AUTHORITATIVE volume for bankers and investors on the public utility corporations of this country. This new edition just off the press, contains the latest statistical data and information on every gas, electric light and power, electric traction, water power, telephone and telegraph company of any importance. It furnishes investment ratings on every public utility bond and stock. It is a companion volume to our Industrial Rating Book recently issued.

It is the only book published which rates Public Utility Bonds and Stocks by John Moody's scientific method, and which does not accept any form of advertising.

It is the only book which at a cost of only \$20 a volume, covers the entire public utility field, supplies complete ratings and includes a ten year price range of public utility stocks and bonds in all American markets.

It is the only book which includes Monthly Bulletins of current earnings and Monthly Bulletins of new and revised ratings.

It is the only book which contains full statements regarding leading Foreign public utility corporations as well as Americans.

It is the only book on Public Utility Investments with which John Moody has any connection whatever.

PRICE, \$20, delivered. Our full set of four books, including Industrial, Public Utilities, Foreign and American Governments and Municipalities and Steam Railroads, may now be ordered in combination at a cost of \$80 a set; the remaining two volumes to be delivered as issued, at intervals of about six weeks. Subscriptions filled in order of receipt.

WOMAN OWNED LIFE

Wife Moved
After Body Found in Maid

Salvo on Death
Found by Maid

With funeral services for the late Mrs. J. H. Smith, who died at her home, 1234 North Main street, at 10 o'clock yesterday morning, the body of the deceased was taken to the funeral home of J. H. Smith, 1234 North Main street, where it will be held for burial at 2 o'clock this afternoon. The funeral services will be held at 10 o'clock this morning at the home of the deceased. The body of the deceased was found by a maid in the bathroom of the home of the deceased. The body of the deceased was found by a maid in the bathroom of the home of the deceased. The body of the deceased was found by a maid in the bathroom of the home of the deceased.

WORK IS KEY TO OPEN

Door of New Home
Large Number of Candidates Makes Effort Easier; Entry List Given

They're off!
The list of entries in the Times \$70,000 prize campaign appears today on another page of this issue. The race is actually begun for a fortune in prizes. In a few weeks' time ownership will be decided of the beautiful \$16,500 home in Wilshire Crest, the \$8000 Spanish bungalow in West Hollywood Tract, the twenty splendid automobiles and numerous other prizes to be given free by the Times.

LOVE NOTE FROM GIRL FREES WIFE

La Paloma's Epistles to "Eddie Boy" Secure Divorce for Mrs. During

Because she snatched a few moments of happiness now and then in a very drab existence, could you call her a very bad girl?

"La Paloma" asked this in her letters to "Eddie Boy," which were read yesterday in Judge McCulloch's court, where Mrs. Florence C. During was granted a divorce from Edward During. The name of the girl who said her life was lonely was not mentioned. Judge McCulloch said: "You've touched a place in my heart that no one has ever found before. My good old pal," she wrote. "I'll always be your girl while you want me to."

PRISONER USES BELT IN SUICIDE

Jailer Finds Victim as He Makes Evening Round of Inspection

Scrambling fourteen feet up a water pipe in one of the prisoners' tanks at the City Jail and tying one end of his belt around a bend in the pipe and the other around his neck, J. A. Hudson, aged 45 years, arrested for burglary, ended his life late yesterday.

SEEIN' THINGS

Why not share your chuckle with others? When you see something unusual, drop a note about it to the Smile Editor of The Times. Then we can all smile!

BIRDS GONE; CAT IS FAT, MAN ANGRY

Alley Howler Eats Canaries; Now Owner Wants City to Refund Money

"Times" Staff Correspondent (SPECIAL REPORTER)
LONG BEACH, July 5.—C. Estrada, a concessionaire on the Pike was at one time operator of a bird store. It was a place where the rolling notes of nervous little canaries poured out onto the sidewalk and attracted old ladies and other lovers of birds. But that was before Estrada's establishment was visited by a skinny, cur-bearing animal of the genus alley cat.

Truck Drivers Given Warning on Overloads

Motor truck drivers who overload their vehicles and who operate with tires having less than an inch of rubber will be severely dealt with, it was announced yesterday by Justice Baird in county superior court. The court fined the Union Motor Transport Company \$100 for having an overload of 19,150 pounds on a truck and a trailer.

Pioneer Flyer's Desert Romance Ends in Wedding

Augustus Roy Knabenhus, pioneer in aviation circles, and Miss Althea B. Hoffman, a costume designer at Lasky studios, were married yesterday afternoon at the Broadway Christian Church.

WILL HEAR PROTESTS

The assessment rolls for the county were turned over to the board of assessors yesterday afternoon and that body will begin its sessions today as a board of equalization. During this week and next the board will hear protests from taxpayers regarding the amount of their assessments. Protests will be heard by the board and will be heard during the coming session. Because the county assessor is required more time than usual to complete the tax rolls, the board may extend the time for hearing protests for three or four days.

NEW SEARCH IS PLANNED BY SHERIFF

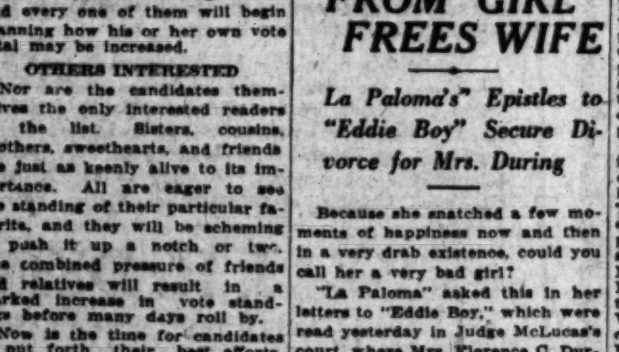

Will Seek Body Shown in Mystery Picture Snapped in Topanga Canyon

Though the police homicide squad has accepted the theory that the perplexing image of a reclining woman in the Topanga Canyon "mystery" film is the result of a double exposure, two scenes taken on the same kodak negative, the Sheriff's office, which did not figure in two previous searches of the canyon for the dead body, announced yesterday that a third search of the scene will be made today.

ONCE .. PUGILIST; .. NOW .. PASTOR

Harbor Minister Battles Devil and White Plague

At top, "Kid" Wedge; below, at left, Wedge as he arrived at Harbor University after "beating" his way from Arizona; at left, the Reverend Frederick R. Wedge; at bottom, Mrs. Wedge, wife of the man of many faces.

APPEAL BY SHERIFF TO AID LEGION

Membership Drive Gets Results; Discuss Plans for Clubhouse

Many new applications were received yesterday by the American Legion in its membership drive now in progress. It was stated last night, Mrs. Laura Jackson, chairman of the booths on the downtown streets, stated that her committee women were well pleased with the results. William J. Shackleton, adjutant of the post, says there is a continual line of World War heroes applying at his office for membership.

Hubby's Unique Ideas Lead to Divorce Action

The modern girl may have ideas about her own ability, but they are nothing compared to those of Carl Hanson, who was sued for divorce yesterday by Mrs. Ruth Hanson in a complaint filed against the young man in the twentieth century city court.

NEW PORT HEAD MAY BE NAMED

O. B. Kibele Takes Ship Yard Post Monday
Expected to Request Mayor for Resignation

Official Has Noted Record as Shipbuilder

O. B. Kibele, who was appointed last October to the Board of Harbor Commissioners, will take up new duties Monday as works manager of the Los Angeles Shipbuilding and Drydock Company.

FINING OF MOTORISTS LUCRATIVE

Hundred Thousand Paid by Violators of Traffic Laws During June

Breaking all local police court records, approximately \$100,000 was paid in fines by Los Angeles motorists last month for violation of the city's traffic ordinances, it was revealed last night when David Martin, clerk of police court, completed his monthly report.

Ex-Pastor and Woman Named in New Charge

A complaint was issued yesterday by Dep. Dist. Atty. McClelland against Donald McGregor, better known as Donald Duane Stewart, and Ethel Stewart, charging them with conspiracy to steal the property, money and goods of Norma L. Ehlers.

EVER HEAR THIS?

DOWN among the lumber yards and shipyards of Los Angeles Harbor, a church has just been established. The first pastor is Frederick R. (Kid) Wedge, A.B., lumberjack, prizefighter, university man, but now a regularly-ordained minister in the Congregational Church.

Truck Drivers Given Warning on Overloads

Motor truck drivers who overload their vehicles and who operate with tires having less than an inch of rubber will be severely dealt with, it was announced yesterday by Justice Baird in county superior court. The court fined the Union Motor Transport Company \$100 for having an overload of 19,150 pounds on a truck and a trailer.

Pioneer Flyer's Desert Romance Ends in Wedding

Augustus Roy Knabenhus, pioneer in aviation circles, and Miss Althea B. Hoffman, a costume designer at Lasky studios, were married yesterday afternoon at the Broadway Christian Church.

WILL HEAR PROTESTS

The assessment rolls for the county were turned over to the board of assessors yesterday afternoon and that body will begin its sessions today as a board of equalization. During this week and next the board will hear protests from taxpayers regarding the amount of their assessments. Protests will be heard by the board and will be heard during the coming session. Because the county assessor is required more time than usual to complete the tax rolls, the board may extend the time for hearing protests for three or four days.

HEADS ELECTED BY OSTEOPATHS

Dr. George W. Goode Named as New President

New York City Selected for Next Convention

Lectures to Vie With Clinics of Meetings

Dr. George W. Goode of Boston, Mass., editor of the Osteopath Magazine and a member of the board of trustees for six years, was elected president of the American Osteopathic Association at the meeting of the house of delegates yesterday afternoon at the Ambassador.

Dr. O. S. Miller of St. Louis was elected first vice-president and Dr. Evelyn S. Bush of Louisville, Ky., was elected second vice-president. Dr. Bush is the retiring president of the American Osteopathic Association. Dr. Miller has been acting president in the absence of Dr. Samuel Scott.

A hot fight ensued for the membership of the board of trustees. Those elected are R. L. Chiles, Orange, N. J.; George V. Webster, Carthage, N. J.; F. P. Millard, Toronto, Can.; Leslie Kules, Minneapolis, Minn.; and Josephine Pierce, Lima, O.

New York City was selected as the location for the next convention. It will be held in July of next year at a time to be fixed by the board of trustees at a meeting tomorrow. Definite announcement concerning the next convention will be issued in the future.

FIRST DAY'S WORK

The first day of real work for osteopaths who are attending the national convention at the Ambassador this week, started yesterday at 8 a. m. and did not end until late last night when the pictures from the Research Institute were shown to the visitors.

"To keep well we should go barefoot, walk more and take less drugs," was the general theme of nearly all of the addresses which were given during the morning of the day. "In the early morning of Dr. J. M. Fraser of Evanston, Ill., and an authority on sleeping sickness, gave a long and rather untechnical talk of his system for treating the more or less unknown disease."

SLEEPING SICKNESS

"I observed that a great number of cases of the sleeping sickness followed the epidemic of influenza, which swept the country recently, and upon investigation I came to the conclusion that a great deal of it was caused by congestion of the brain, and that in nearly all cases death was caused by overdosing the patient," he said.

Working along the lines of this theory, I began treating my cases of the disease in a different way from that which had hitherto been used.

"Instead of using strychnine as a great many of the doctors of other schools use, I used the massage treatment of the glands in the neck and of the sixteen cases which I have treated I have cured each one."

EXCEPTIONAL CASE

"One case attracted almost world-wide attention about two years ago. The case of a woman of the name of Gray, was pronounced by the leading physicians of Chicago to be hopeless. The woman had been unconscious for four years, and had been fed through her nose, and she had not moved a muscle during the time she had been afflicted with this disease."

"Doctors in the city said that there was nothing which could help her, osteopathy or otherwise. In two days she was talking and in less than a month she had entirely recovered."

GLAND AUTHORITY

Dr. F. P. Millard, Toronto, Ont., one of the greatest living authorities on the lymphatic glands, gave an interesting address on the functions of these very valuable organs and the use of them in maintaining good health.

"Lymphatic glands are like strings of beads, and if all of the glands in the body could be strung in one continuous string, it would be over ten feet long," he said.

"In every infectious disease these glands enlarge and the swelling becomes very noticeable in a number of common diseases. In vaccination, the glands in the neck and those under the arm pit swell to a great extent causing tenderness and diphtheria."

"Those who have a good figure may be sure of one thing. They have good lymphatic circulation. The best sign in the world of poor lymphatic circulation is a sloppy figure. Many men are affected this way and some women but the woman with the fine winning figure has good lymphatic glands."

BODY SCAVENGERS

"If the lymphatic glands were removed from the body we would die in less than twenty-four hours because the lymphatic glands clear the body of all impurities and carry away the poison which is taken in."

In addition to the work which was done at the hotel, Dr. C. E. Aizen of Omaha and Dr. Harry Forbes of Los Angeles, gave talks at the City Club luncheon yesterday at noon. The subjects were "Osteopathy" and "The Osteopathic Initiative Act on the November ballot."

MEDICAL CHARGES

Dr. Roberts Wimer-Ford, Seattle, caused a sensation by proposing that all medical fees be standardized.

"When physicians are relieved of the financial end of things, greater efficiency will prevail in the profession," he said.

"The sliding scale of charges has bred suspicion in the minds of too many people. I am sorry to say that this suspicion is not entirely groundless either. Witness the general attitude of any community to a doctor's testimony. When sickness does come the poor man feels that he is not getting the best service because of his limited expense and the rich man feels that he is being made to pay for the free service given to some one else."

"The good and really efficient physician makes no special friends among his clientele and gives as good service to the janitor as to the banker."

RACE IS INACTIVE In a technical address yesterday

ELK LEADERS LEAVE FOR EAST WORK IS KEY TO NEW HOME

Antlered Herd Delegates Are After Next Convention

"Best People on Earth" Leave for Atlantic City Meet
Front row, left to right, are John Klein, James Foy, George Maloney, Isaac May, Dr. Ralph Hagan, Jack Doyle, A. A. Ruffner, E. J. Murphy and C. T. Renaker. In the back row are J. L. Pike, Ed Loucka, Ted Hallowell, Charles Pittar and C. A. Redmond.

SIXTY Los Angeles Elks, many of them accompanied by their wives, boarded three special cars at the Union Pacific station yesterday afternoon, bound for Atlantic City to attend the national B.P.O.E. convention, the 10th to 14th inst. The local delegation is going east with the avowed intention of helping the next national meeting here.

At Ogden, two special cars from San Francisco will be taken on, while two more will be added at Salt Lake City. From Salt Lake the entire train to Atlantic City will be occupied by the "Best People on Earth."

Among the well-known characters of local Elksdom who will be attending the B.P.O.E. convention are James Foy and C. A. Redmond of the transportation committee; Charles Pittar, District Deputy of B.P.O.E. California, South; Mr. and Mrs. A. A. Ruffner of Santa Monica; C. T. Renaker, E. J. Murphy, Dr. Ralph Hagan, George Maloney, John Klein, J. L. Pike, Ed Loucka, Ted Hallowell and M. F. Shampagne, Grand Lodge Trustees.

With the party also is Isaac May, former Mayor of Roma, Ga., who attended the B.P.O.E. convention at San Francisco, and who decided to remain in California to accompany his brother Elks east. For the last few days Mr. May has been visiting in Los Angeles with Max Schved and Mr. and Mrs. Adolph Frankel. Mr. May, who is a well-known capitalist of Georgia, said yesterday that the opportunities offered by the Southernland probably will lure him back to Los Angeles within the near future.

Seven other persons appearing in court on the same charge demanded time to plead and their cases were set for Monday, the 10th inst., at 2 p. m.

Violators of Firecracker Law Hit Hard

Calling attention to the fact that fifty-three fires were caused by firecrackers on the Fourth of July, Police Judge Chambers yesterday fined violators of the firecracker ordinance \$50 each.

The violators who pleaded guilty were Hong Hai, Sam Young, K. Kea, and B. Tohiyuki. It was charged that the four men sold giant crackers in violation of the ordinance.

Others will win some of these rewards, and there is no reason why your name may not be written large at the top of the list. It can be if you try. It will be if you really want to win!

ORPHANS AND NEWSIES TO VISIT GRAUMAN'S

The newboys and the small citizens of the Los Angeles orphanages will be guests of Grauman's Theater at a special performance at 10 a. m., tomorrow, when George Ade's picture, "Our Leading Citizen," is to be shown there with full orchestra accompaniment.

Thomas Meighan, star of the film, has been asked to help welcome the children.

SAVING treatment in the world, Michael was shot and killed while saving a child from a fire. He was a newsboy and was killed while saving a child from a fire.

SAVING treatment in the world, Michael was shot and killed while saving a child from a fire. He was a newsboy and was killed while saving a child from a fire.

MAN SHOT BY HOTEL EMPLOYEE

Clerk Says Victim Refused to Leave When Ordered and Started Trouble

A man giving the name of William McCauley, 34 years of age, a boilermaker, was shot through the neck and left leg and once in the head by Joe Morash, clerk at the Edison Annex Hotel, at 347 South Los Angeles street, yesterday afternoon.

Police Surgeon Savarin, who treated McCauley at the Receiving Hospital, stated that he would recover from his wounds.

Morash told Police Detective Wilde, who investigated, that when he encountered McCauley entering the hotel, McCauley stated that he was there to see a friend. He stated that the man was one of a gang suspected of having taken articles from the hotel rooms during the week. Morash said he ordered McCauley to get out. McCauley refused, he said, and struck him. He then obtained his revolver and backed into his room followed by McCauley. When the latter broke a pane of glass in the door, Morash stated he emptied his revolver at him. Following the preliminary investigation of the affair, the police did not arrest Morash. McCauley would say nothing, except that he "was in wrong."

Woman, Thrown Off Street Car, Given Damages

For being ejected forcibly from a Hooper-avenue street car, Miss Ada M. Robinson is entitled to \$500 damages, it was decided by a jury in Judge McCormick's court yesterday. Miss Robinson is employed by the Volunteers of America in the Maude B. Booth home.

She asserted that she suffered from a neurasthenic shock and from humiliation when she had an argument with a conductor over a transfer and that she was dragged to a rear platform with unnecessary force and ejected from the car. The company contended that the plaintiff got on the car at Ninth and Main streets, which was not a transfer point, and that unnecessary force was not used.

Turned Hose on Wife, She Says; Given Divorce

Isaiah C. Woodward took the hose away from his wife while she was sprinkling the lawn and showed the nozzle down her neck, Mrs. Marie C. Woodward yesterday testified before Judge Summerfield. Mrs. Woodward said that the best of her husband drenched her to the skin. She was awarded a divorce.

Mr. Woodward constantly complained about the water bill, the wife testified.

GETS COMMISSION Charles J. Barrett, 23-year-old honor graduate of the 1922 class at West Point, who is well known in Los Angeles, and has an aunt residing here with whom he has been a frequent visitor, has received notice of his appointment by Secretary of War Weeks as Second Lieutenant in the Engineers Corps.

Six Months of Telephone Growth

Statistics of population, building operations, bank clearings, school attendance, postal receipts, trade and commerce volumes, and all business activity testify daily to the phenomenal growth, present and prospective, of the City of Los Angeles.

Demands upon the telephone company have not only kept pace with this expansion, but they have been more than proportionately increased by factors not affecting other industries. In meeting the requirements of new patrons the company must construct and maintain an outside plant and central office equipment increasing constantly by a greater ratio than the number of subscribers.

Telephone growth is not merely a matter of additions to buildings, switchboards, cables, wires, etc., in the locality of immediate demand, but the plant must grow "as a whole." For instance, the requirements of a rapidly increased school population in a particular place can be met by more schoolroom capacity, equipment and teachers in that section alone. The increased telephone demand of the same locality means added investment, larger switchboard and cables, more wires and a greater maintenance and operating force over the whole city. As an exchange grows, more facilities, apparatus and attendance must be available to old as well as new subscribers.

The Southern California Telephone Company is sparing neither labor, money nor material in meeting its responsibilities in the growth and expansion of Los Angeles. In the first six months of the present year appropriations of over \$7,400,000 have been authorized, showing more than a full compliance with the announced \$9,000,000 program of the company for 1922.

The company now employs 6589 people, compared with 4956 on January 1st—a gain of 1633, or 33%. In the construction and maintenance departments alone there were 3286 employees on June 30th, compared with 2086 on January 1st, a gain of 1200, or 57%.

In the six months of this year 105 carloads of cable—1570 reels—containing 793,365,688 conductor feet of wire, have been received.

766,614,086 conductor feet of wire—145,192 miles—in aerial and underground cable; 2183 poles and 29 miles of subway, representing 78 miles of single duct, have been placed.

Over 29,000 miles of wire were placed in one week, a feat never equalled in any other city in the world.

In the same period 15,490,651 feet—2939 miles—of open wire, 11,626,560 feet—2202 miles—of duplex wire, and 1,446,855 feet—2700 miles—of galvanized steel "strand" (the heavy wire supporting the cables) have been put in service.

These operations have necessitated the use of 738,059 cable rings, through which the cables are suspended from the "strand"; 7281 cable crossarms and 4817 terminal boxes, in which the wires of the cables are separated and "fanned out" to the telephones of subscribers.

In April the net gain in telephones in Los Angeles was 2083; in May, 2214; in June, 3690. Over 290 telephones per day are being installed, the net gain being over 142 per day.

An evidence of the remarkable growth, activity and mobility of Los Angeles, but one adding tremendously to the demands upon the telephone company, is that on account of new connections, disconnections and changes in location, over five telephones are handled for every telephone gained.

Over its 170,000 telephones the company is now handling 1,275,000 telephone calls per day. The company will continue to make every effort to give Los Angeles an efficient and satisfactory telephone service.

Southern California Telephone Company

Men Wanted

For service as Railroad Machinists, Blacksmiths, Sheet Metal Workers, Coppersmiths, Car Inspectors, Boilermakers, Electricians, Pipefitters, Rimmers, Car Repairers, Helpers, All Classes.

UNDER STRIKE CONDITIONS

Best explained by Chairman Ben W. Hooper of the United States Railroad Board in his statement of July 1, reading as follows:

"In this case, the conflict is not between the employer and the oppressed employees. The people of the country, through an act of Congress, signed by President Wilson, established a tribunal to decide such disputes over wages and working conditions, which are submitted to it in a proper manner. It is the decision by this tribunal against which the shopcrafts are striking."

"Regardless of any question of the right of the men to strike, the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason, public sentiment and full governmental power will protect the men who remain in their positions and new men who may come in."

Adequate provisions have been made for the full protection of all new employees, the same as old employees who have remained loyally at work. Applicants should apply at Southern Pacific Employment Bureau, 68 Market St., San Francisco, or any of the following offices: Superintendent (3rd St. Station), San Francisco, Oakland Pier, Sacramento, Stockton, Dunsmuir, Bakersfield, Los Angeles. Assistant Superintendents, Sparks; Nevada, and Roseburg, Oregon. Superintendent Motive Power, Sacramento and Los Angeles.

J. H. DYER

KLAN OFFICIAL
FOUND GUILTY
KLAN LAWYER
BEGINS WORK

Bakersfield Judge Sentences
Man to San Quentin
Convicted of Flogging Doctor
in Recent Raid
Defendant Breaks Down and
Weeps in Court

(EXCLUSIVE DISPATCH)
BAKERSFIELD, July 5.—John
H. Vitelle was sentenced today in
Department One of the Kern Su-
perior Court to imprisonment for
an indeterminate term in San
Quentin for the assault by flog-
ging, of Dr. Dwight R. Mason in
a recent Ku Klux Klan raid.
Vitelle, former Exalted Cyclops
of the Taft Klan, was convicted
by a jury last week on one of
three charges in a grand jury in-
dictment against him.
The defendant broke down and
wept before sentence was passed,
when he was being examined by
attorneys for statistical infor-
mation on his past life and again
when he was addressed by the
court.
He remained control of his feel-
ings when he stood to receive sen-
tence, upon pronouncing of which
he saluted the court with a quick
military gesture learned in ex-
tended service in the United States
Army.

PUEZZLING CASE
Superior Judge J. W. Mahon
said that Vitelle's case was "a
puzzling" one to him. He
stated that he could not reconcile
the apparent character and past
life of the defendant with the
crime charged against him.
Vitelle, the judge said, in join-
ing with the court termed
"this terrible Klan" an "outlaw
organization." The Klan, in the
opinion of the court, was the cause
of Vitelle's downfall.
The court dismissed the second
charge in the indictment against
Vitelle on his own motion. This
count alleged that the defendant
assaulted Dr. Mason by hanging
the physician with a rope by the
neck, until she was unconscious.
The jury did not reach a verdict
on this count. A verdict of not
guilty was returned on the first
count of the indictment, charging
assault with a gun with intent to
kill Dr. Mason.

Attorney Emmons, Vitelle's
counsel, gave notice that appeal
from the local judgment would be
taken in the District Appellate
Court. Vitelle will go to the peni-
tentiary at once, no request being
made for a certificate of probable
cause, under which he could have
remained in the County Jail here
pending settlement of his appeal.
Contrary to expectations, Em-
mons submitted his motion, Monday
for a retrial of the case without
further evidence or argu-
ment. Emmons stated Monday
that he expected to have infor-
mation to give the court to substan-
tiate the stated ground for appeal,
to wit, alleged misconduct on the
part of the jury in deliberating
the case. Asst. Dist. Atty. Con-
way informed the court that the
prosecution had no additional evi-
dence except the statistical testi-
mony of the defendant. The motion
for a new trial was denied.

TRACED HIS LIFE
Vitelle then took the stand to
give a statement covering his life
and habits. He said that he did
not use intoxicating liquor, gamble
or associate with questionable
companions. He informed the
court, upon questioning by Con-
way, that he was born forty-two
years ago in Michigan of French-
Canadian parents and had a com-
mon school education. He said he
has practiced for the past four years
construction engineering.
At the time of his arrest, he was
construction engineer for the
Honolulu Oil Company and had
resided at Taft three years.
Questioned by Conway concern-
ing injuries that he had received,
he said that he had been shot four
times and had fallen off a build-
ing. Here he shifted for a few
seconds, but quickly controlled
himself and continued answering
questions.
Vitelle said that he served in
the army in 1901-1904 in the Phil-
ippines under Gen. Pershing and
again during the World War. He
said he was a first sergeant in the
Philippines and a first lieutenant
in the recent conflict. He was not
sent overseas in the latter war.
Vitelle also served in the U. S.
Reclamation Service and was a
member of the Boise, Idaho and
El Paso, Tex., police departments
at different times. He was given
honorable discharge from the army
at the expiration of both in his
enlistments. He volunteered for
both periods of service, it was re-
ported.

Vitelle said he was shot once in
the Philippines and once as a po-
liceman in Boise. When questioned
by Emmons regarding other times
that he was shot, he appeared on
the verge of breaking down again
and did not answer the query at
once, whereupon Conway with-
drew the question. Upon conclusion
of Emmons' examination, Vitelle
left the witness stand, and stood
facing the court to receive sen-
tence.

FACED FLAG
The defendant, looked at the
judge and then at the judge's
head at the ceiling. Immediately
to the right of the judge, a large
silk American flag fluttered slight-
ly in the breeze that came through
the large west windows of the
courtroom. The Stars and Stripes
waived in bright contrast against
this solid white of the courtroom
walls and Vitelle's gaze wandered
at times toward the flag.
As the court remarked upon the
charge of which Vitelle was con-
victed and spoke of the puzzling
discrepancy caused by the evident
"downfall" of Vitelle through the
"Invisible Empire," the defendant
for the second time wept and was
escorted to a chair, where he sat
while Judge Mahon further dis-
cussed the case before passing sen-
tence. After stating his belief that
the title K was originally respon-
sible for the act of which Vitelle
was found guilty, the judge di-
rected Vitelle to stand while sen-
tence was pronounced. The de-
fendant, tall and slender, stood
erectly and upon receiving sen-
tence, executed a military salute to
the court.

Conway said that he did not
know what Dist. Atty. Dorsey's in-
tentions were in connection with
the second count in the Vitelle
indictment on which the jury dis-
agreed. After brief discussion the
court dismissed the charge of
hanging.
Relative and friends of Vitelle,
including his brothers and mother,
were in the courtroom when he
was sentenced. The defendant's
father is dead.

KLAN REPORT
MADE BY JURY

Maricopa Investigators Hit
Hooded Order
Klansmen Talked Business
Competition
Members, Called to Testify,
Forget All Facts

(SPECIAL CORRESPONDENCE)
PHOENIX (Ariz.) July 5.—The
Maricopa county grand jury has
recessed until September, after a
twenty-day session during which
nineteen true bills were returned.
Five of these referred to operations
of the Ku Klux Klan. Concerning
the Klan the jury returned the
following special report to Judge
R. C. Stanford:
The grand jury convened June
12, 1922, and spent twelve days in-
vestigating the Ku Klux Klan. As
the main purpose for the calling
of the grand jury was the investi-
gation of the Klan, or the "In-
visible Empire," in the opinion of
the grand jury public publicity should
be given to the record of its investi-
gation. This report should be
considered a partial report of the
proceedings before the grand jury
and be limited to matters pertain-
ing to the Ku Klux Klan investiga-
tion.

FOUR VIOLATIONS
Although four actual violations
of the law, to wit, assaults with
deadly weapons of this community
were personally reported to the grand jury
by the victims of said assaults and
investigations were made into the
same through subpoenaing and ex-
amining approximately 135 wit-
nesses, subpoenas having been is-
sued by the grand jury for every
person whose name was presented
to them as having or those pre-
sumed to have knowledge concern-
ing said assaults, the grand jurors
were unable to ascertain sufficient
information upon which to base
more indictments relative to the
same than have been presented to
the court.

The reason for this can be very
readily ascertained from the re-
cord before the grand jury stop-
ped in the stenographic notes on
file with the clerk of the court.

FOUR DIVISIONS
The investigation of the grand
jury showed that there are four di-
visions of the Ku Klux Klan exist-
ing in the Salt River Valley, to
wit:
Glendale Klan No. 2, Glendale,
Ariz.; Camelback Klan No. 6,
Phoenix, Ariz.; Butte Klan No. 3,
Tempe, Ariz.; and Superstition
Klan No. 4, at Mesa, Ariz.

As far as the information ob-
tained by the grand jury is con-
cerned, there is approximately
membership of 150 in Glendale
Klan No. 2, 325 in Camelback Klan
No. 6, 140 in Butte Klan No. 3
and 100 in Superstition Klan No. 4
at Mesa.

With its proceedings carried on
in a most secret and hidden man-
ner, the grand jury found that
even members present in the
meetings could not recognize fel-
low members, the Klan undertook
to enforce what they called law
and justice in those cases which
in their opinion the courts had
failed to deal properly with in
some instances, and in other in-
stances before the matters were
ever brought before competent au-
thorities.

TOPICS DISCUSSED
These matters were discussed in
meetings and testimony obtained
by the grand jury shows that per-
sonal business competition became
the subject in some instances of
discussion and a question before
the Klan meeting as to what steps
should be taken to aid the Klan-
men reporting the same as against
his competitor.

Warnings were sent through the
United States mail, which con-
tained direct and implied threats
and boasted of the Klan's power
in dealing with matters in which
they were concerned.
Political and religious matters
were openly discussed in Klan
meetings, the Klan even going as
far as to address and send a letter
to the public press denouncing it
for an editorial in a religious
question that had appeared in its
paper, and containing a threat of
violence to the editor.

LIST UNOBTAINABLE
Membership lists were unobtain-
able by the grand jury for the
reason that the same, according to
the testimony of witnesses, had
been sent out of the State prior
to the convening of the grand jury.
Because complete membership
lists are unobtainable, the grand
jury refrains from publishing the
actual lists of actual members ob-
tained by them. Many persons
known to be members could not
be brought before the grand jury
for the reason that they were ab-
sent and without the limits of the
State of Arizona.

Suffering from a new disease
which the grand jury is led to be-
lieve is that of amnesia, a major-
ity of the members of the Klan
who testified before the grand jury
failed to remember anything about
the organization, except that they
had joined, paid \$10 and resigned.

BOOKS WERE BLANK
Difficulties are met in the in-
vestigation to obtain facts con-
cerning the workings of the Klan
in that upon the production of
books and records in the grand
jury room, under subpoena, no en-
tries, not even the name of the
Klan, appeared in any books, and
no record of any money received or
expended was shown. The books
in all cases except one being blank.
In that one particular case the
books appeared blank, but pages
had been removed prior to the
production in the grand jury room
of the same. In the case of the mem-
bers or those in charge knew
where the torn leaves were, or
where they were removed from the
books, or if they had ever existed.
All paraphernalia, books, rec-
ords and seal of Camelback Klan
No. 6, as far as the grand jury is
able to ascertain, have disappeared
completely.
The grand jury also wishes to
express publicly their thanks to
Acting County Attorney Herman
Lewkowitz and to their reporter,
E. W. Powers, for their active and
untiring efforts in aiding them in
trying to sift this matter to a sat-
isfactory ending.
It is the wish of the grand jury
that a copy of this report be filed
in the records of the clerk of the
court, so that as the grand jury
each of the newspapers in this city.
Dated at Phoenix, Ariz., this 1st
day of July, 1922.

FORTY-YEAR
ROMANCE IS
AT AN END

Old Couple Seek Relief in
Court; Judge Advises Re-
conciliation

A romance that lay dormant for
forty years during which time
neither saw the other and only met
on their wedding day, was re-
vealed in Judge Summerfield's
court yesterday, where Mrs. Mary
E. Coy brought suit for divorce
against George W. Coy, a first
cousin. The couple lived together
a little over a year before sepa-
rating. Each charges the other with
being at fault.
Mrs. Coy said her husband
solicited to support her and spent
money she earned. The couple
had an "all night and day bank"
of their own, consisting of a bro-
ken tea pot in the family cup-
board. Mrs. Coy charged her hus-
band with taking \$100 from this
vault.
It developed that the two had
grown up together and that Mrs.
Coy married after the death of
her husband. Mr. Coy began cor-
responding and forty years after
seeing each other she arrived in
Los Angeles and they were mar-
ried. The court, after hearing
some of the testimony, continued
the trial for four weeks, pending
the filing of affidavits. In the
meantime he suggested that the
couple bury the hatchet and drop
the proceedings.

Girl Attempts
Suicide After
Party at Beach

Frantic because of abusive treat-
ment which she said she received
from a man she called her hus-
band, according to the police, Mrs.
Fey Bernstein, 25 years of age,
early yesterday morning made an
unsuccessful attempt to end her
life. Using a revolver, she fire-
d two shots at herself. It was
stated. One of the bullets lodged
in her left arm, but the other
struck and crashed through the
window of her apartment at 715
Bixel street.
W. W. Powers, her active and
untiring efforts in aiding them in
trying to sift this matter to a sat-
isfactory ending.
It is the wish of the grand jury
that a copy of this report be filed
in the records of the clerk of the
court, so that as the grand jury
each of the newspapers in this city.
Dated at Phoenix, Ariz., this 1st
day of July, 1922.

PEN POINT
By the Staff

The rumor is current that the Bath is a false alarm. These are glorious July days. They are made to rot in. If the Shipping Board way the ocean will continue to "wet."

Feggy Joyce, now an actress, no longer is a woman. That's what all the lovers say.

Senator La Follette does not believe the United States Supreme Court will abolish it.

Everybody is going to the lake and the seashore and there is nobody at home the cat and the rubber plant.

With no marriages in the air, as declared by Dr. Connelley, what will the divorce lawyers do when they reach the elysian fields?

The cost of food is the keynote of wage-fixing. It can be stabilized and normalized when food is cheaper, not more.

Some day there will be a show where the man in the audience will not know that he has not a seat reserved for him on the aisle.

Charles William Frederick, candidate for the Senate from Ohio, has no Mark Hanna to lift him to the job this time.

The fall campaign will come on, but there will be no data on the stump in the and bed sheets for "psychic effect." This is official.

There will be many tasks to perform in the future and the people have selected a number of candidates to perform them.

It is claimed that the three to one for the pensioner's bonus bill, in case it will pass and the bonus be up to President Harding.

Pancho Villa is avoiding the press and is said to be preparing a farmer in Mexico. He is a pointer for the Americans who are rampaging around in the political lot.

Ex-Congressman John L. Lewis is making the race for the Senate on the Democratic ticket in Ohio. Now let nobody say that nothing in the doctrine of resurrection.

The people in the United States cannot speak English in two millions. Of course, does not include those who "hear ye, hear ye," in the Federal court.

With the defeat of Senator McCumber in North Dakota another term the enthusiasm that statesman for the Senate the bonus bill is likely to show most appreciable reduction.

The wire from London gives no advice as to which he will support. Describing Mr. Lloyd as the life of the party, he wrote knee breeches at the caption tendered him by Mr. George.

Iron-Man McGinty, thirty years in baseball, went out the other day and won his game. But no wonder. Describing Mr. Lloyd as the life of the party, he wrote knee breeches at the caption tendered him by Mr. George.

With the enforcement of speed ordinance a pedestrian now get across the street without shifting his gear—it is quick enough. By the way, there has been a falling away the number of arrests? Are we understand that everybody is obeying the law?

Matthew B. Jones of Georgia wants a few more days to run his mind whether or not to run for the Governor of the Democratic ticket in Georgia. The political adviser of Thomas Lee Woolwine is in pause. Come on in, Matthew, the water's fine.

The contest for the Republican gubernatorial nomination in Georgia is interesting, aside from the usual number of candidates. C. H. Brand, of Concho, is making a race on a light-wise-and-slow reform. What the Governor does to do with repealing the constitutional amendment of the out of the Volstead Act will appear.

THIS IS THE DAY
In the year 1854, at a convention of Whigs and Democrats, held at Jackson, Mississippi, two years later, the present Republican party was organized. It held its first national convention and nominated John C. Fremont for the Presidency. The Paul Jones was then in the South Atlantic, and became the most famous ship in the world. The victory he gained over the Bonhomme Richard, a French frigate, secured for the United States the right to navigate the Gulf of Mexico. The world over, the wall was annexed to the United States by joint resolution of the Senate and House of Representatives in the year 1898.

Bed Room Suites Reduced

—These very attractive bedroom suites are in the blanket department on the second floor and one would find the time spent looking at the new lowered prices very profitable to the purse.

Walnut French Grey Ivory Mahogany

For the Week-Enders

—Nine times out of ten you hurry off on your vacation or week-end forgetting the most important item of your wardrobe, or some accessory that helps to make the little relaxation more delightful.

STATIONERY, FOR INSTANCE
72 Sheets and 48 Envelopes at \$1.00
—Our regular \$1.25 stationery—unobtrusive plain white, neat and practical for any purpose. Conveniently boxed for the vacation trip, only \$1.00.

The Summer Bridge Parties Will Need
Tally Cards, Place Cards, Table Favors, Bridge Pads and Fancy Table Numbers
—Coulter's are showing some very exclusive and some very attractive novelties for the summer hostess.

Corsets Take Week-End Special Prices
\$2.50 and \$3.88 for Bien Jolie
—We are fortunate in securing two excellent models in this popular make of corsets which we are offering at specially low prices.
—One is fashioned of a satin striped fabric, very lightly boned with elastic around the hips, thus insuring perfect freedom of motion.
—The other is on the same order with a longer skirt and a trifle more firmly boned, made of mercerized brocade.
—A good line of sizes from which to choose.

Boyshform Brassiers Reduced
—The many wearers of this very popular make of brassieres will be interested in this announcement. Prices on most of the wanted models are greatly reduced.
—The new prices range from 75c to \$2.50.

And Jewelry Shows Reductions
Fancy Combs 1/4 Off Novelty Beads Unusual Ear Drops
—Many attractive novelties that will add to the summer pleasures—chains and combs that will harmonize with the daintiest frocks and pretty informal afternoon dresses.
1/4 off on CUT GLASS, VANITIES, DORINES and COIN HOLDERS

65c Silk Dress Shields 45c
—A neat crescent-shaped silk covered dress shield, or one in the "opera" shape is reduced from 65c to 45c. They come in flesh or white—a needed accessory during the warm summer months.

Special! Shirred Ribbon Elastic
—Pretty patterns in the shades that match the summer hose. Shirred elastic lace trimmed for those little round garters that girls wear when they "roll their own."

Yard

Springs and Mattresses Also Underpriced for this Event

—To enable one to complete the set, we are placing some of our finest springs and mattresses in the sale.

MATTRESS PROTECTORS 10% off
FLOSS CUSHIONS 10% off
FEATHER PILLOWS 25% off

Citizens Urge City Park for Santa Monica

By a "Times" Staff Correspondent (SANTA MONICA, July 5.—) Resolutions urging that the local City Commissioners take immediate steps to buy 4000 feet of beach, extending from the Colorado-avenue pier to the northern city limits of Santa Monica, for the purpose of creating a public park, were adopted tonight at a banquet in the Miramar Hotel. A band music was recommended to carry out the project, with the territory north of Santa Monica Boulevard as the assessment district. Representatives of twelve civic organizations attended the meeting. Mrs. M. Fogel presided.

INCREASES IN SALARY REQUESTED

City Treasurer Seeks Small Increase in Pay for Employees

It is not that the City Treasurer has been asked for the tax increase for the past year more than \$100,000 by the efficient management of city funds, City Treasurer McPherrin, who has been in the office for the past year, has asked for a modest increase in his salary, amounting to \$140 a month, and eight clerks in the street bond department from \$150 to \$160 a month. The City Treasurer's request will be considered by the Budget Committee this afternoon.

FINDS MORE MEN AMONG GRADUATES

No longer is the average high school graduating class composed of fifteen buxom young women and one anemic young man, but rather are counted on the fifty-fifty basis, was the idea expressed regarding modern education by Dr. R. B. von KleinSmid, president of the University of Southern California, in the first assembly lecture before the summer session yesterday morning.

Harvard Auditorium was filled with teachers from all parts of the Middle West, who have enrolled for the summer session, the enrollment of which is the largest in the history of the institution.

Imported Ideas of Government Sat on by Court

Is it natural for an Irishman to fight? "No," says Judge Crawford of the Los Angeles Harbor Police Court. Judge Crawford yesterday sentenced Dennis Murphy and Kenneth O'Rourke, both 19 years of age, and fresh from Dublin, to serve thirty days in the City Jail for fighting with Harry Levy, a salesman. Levy nearly ran over the Irish sailors with his automobile and both evidenced their displeasure by "kicking" Mr. Levy. "We followed him a block and a half," Your Honor," said Murphy, "and naturally when we caught up with him we beat him up."

"Not natural at all," corrected His Honor. "It was decidedly unnatural. You men will have to learn that the Sinn Feiners aren't running this country."

The two youths were both active in the Dublin Sinn Fein rebellion, they told the police.

Cry Over Spilt Evidence? No, They Mop It Up

Two young men in a fast automobile nearly ran over two Federal prohibition officers late Tuesday night at Third and Main streets. It became known yesterday. An odor that was not of gasoline wafted past the noses of the liquor seekers, and they pursued and stopped the car, but not before, the sleuths say, the occupants had thrown out two quarts of something and the bottles broke on the pavement.

George Chesbro and E. W. Taber were arrested and are held on a charge of violation of the Volstead law. It seems that one of the prohibition agents mopped up something from the pavement and squeezed it from his handkerchief into a bottle. The government charges it is wine. Chesbro says he is an actor and Taber a salesman.

IT'S A FAST LIFE IN THE BURBANK SHOW

Shades of Rex Beach's "Going Some!" They sure put the yell and dash of college life into their footracing at the Burbank Theater this week. "She Did" is the more or less mystifying title of the latest Hi Jinks musical comedy contribution. No one particularly minds the intense excitement of the actors, whose lives seem constantly in danger, unless one or the other wins a running match staged by old-timers on a big ranch. There is a lot of real cash placed in bets upon the outcome of the match, and various villainous plots accompany the development of the play.

Of course, two or more girls mixed into the state of affairs make it all the more intricate. You don't mind so much, however, when the chorus dances out on the stage and takes your mind off the wild and woolly western plot. The setting is done nicely, and the Burbank stage is a picture of broad fields and canyons and farms and mountains and streams.

Unskilled Help

A couple of tourists were gazing at the sculptured front of a certain church, when one of them quoted the remark about art being the handmaid of religion.

"If that is so," returned the other, glancing again at the crudely carved figures, "Religion ought to give her a month's notice."—(Boston Transcript.)

SPANISH BILL
BROADCASTDe Lara Program Has Real
Flavor of SpainVocalist Dominates Night
BroadcastKiddies Hear New Voice at
Evening Hour

The Times-KHJ on the air today from 1:00 to 1:45 p.m. Gertrude Ramsey, soprano, accompanied by Edda Hayden, will sing "Oye Those Tears," by Teresa del Rio, Clara del Rio, and Clara del Rio. The program will also feature "Lara's Old Sweet Song" by Mrs. J. J. Carter, associated with the opera "Carmen," at Hollywood Bowl, will give messages relative to "California's Inspiration for Music."

Program from 7:15 to 8 p.m. Radio content arranged through the courtesy of Herb Wiedorf, presenting members of his orchestra. Juan Salsola, trombone soloist, will play "Carmen's Aria" from the opera "Carmen" by Verdi. Lawrence Abbott, saxophone soloist, will play "Valma" by Rudy Wiedorf. Herb Wiedorf, trumpet soloist, will play "Serenade" by Schubert. Benita Tait, violinist, will render selections by request. Gene Reed, pianist, will play all accompaniments. Mrs. J. J. Carter will again broadcast message relative to "California's Inspiration for Music." News items, bedtime story.

Real Spanish flavor was given to yesterday afternoon's program from KHJ. The Times radio phone, arranged through the courtesy of Maestro Manuel Sanchez De Lara, besides playing all accompaniments. Mr. De Lara, who has been a director of opera in Italy, France, Mexico and the United States, has two numbers—"El Pato" from the "Husenda" by Meyerbeer, and "Alcornoque" his own composition. He rendered two piano songs, one a selection from "Rigoletto" by Verdi, giving his own arrangement, and by special request, "La Goleadina."

Vivian Clark, leading mezzo-soprano with the De Lara Grand Opera Company, gave radioland three selections, all of which gave exceptional opportunity to demonstrate the range and quality of her voice. She sang "Habenera" from "Carmen" by Bizet; "La Falema" by Tradler, and "Spring Song" from "Shanewis" by Charles Wakefield Cadman.

Last night's program from KHJ was dominated by Frances Havens, contralto, whose vocal accomplishments shone through her three numbers—"Dawn" by Currier, "Stream" by Oley Schaefer, and "Living in the Heart of the Sea" by Bransford. The program was also featured by Mary Newman, pianist. Alice M. Bromley, dramatic reader from Bullock's, completed with "Uncle John" last night.

BURGLARS
LOOT HOME
OF JEWELSFurniture in Hollywood
Residence Also Damaged
by Ransackers

Breaking into the home of Thomas A. McKinnon at 7301 Hollywood Boulevard late yesterday, while the family was absent, burglars obtained jewelry, silverware and clothing valued at about \$10,000, according to a Hollywood police report. The thieves gained entrance to the expensive appointed residence by breaking the glass on a rear door, reaching in and unlocking the door from the inside.

Investigation by Police Detective MacMahon and Hutchins of the Hollywood Police Station, showed that the thieves damaged much furniture to ransacking the residence.

Radio Thieves
Make Big Haul
on Local Store

People are bound to have radio sets, even if they have to steal their instruments!

What is believed by detectives to be the work of boys was the robbery of between \$500 and \$1200 worth of apparatus from the Radio Concert Equipment Company's store at 734 West Sixth street, on the evening of July 4, the biggest haul of radio equipment ever made by robbers in Los Angeles.

Among the apparatus taken were five big auction sets, twelve Thorndyke transformers, twenty-five Kilbourne & Clark telephones, six pairs of Manhattan telephones, three home chargers, fifteen crystal detector sets, soldering irons and many odds and ends, such as switch points and switches.

PLAN NEW ELEVATOR
To build a new elevator in the Hall of Records will cost the county \$50,000, it was estimated yesterday by Supervisor Dean and William Davidson, head of the mechanical department. Because of increased traffic on the present lift, numerous complaints have been made and it has been thought necessary to erect a new lift.

Experiments conducted with the radio-frequency apparatus by J. C. Lester, 138 South Broadway, at Avalon, July 4, resulted in many long-distance radiophone stations being received. Mr. Lester claims to have heard a station in Bar Harbor, Me., broadcasting on 810 meters in the daytime, as well as Portland, Seattle, and British Columbia stations, all on an antenna 880 feet in length. His set consisted of three steps of radio-frequency, a detector, and one step of audio-frequency amplification.

There are, roughly, three kinds of waves existing in space which originate from the various suns. These are waves that affect the eye, which are called light waves. These are very short. There are waves that affect matter in such a way as to cause heating. These are heat waves and are of medium length. Then, there are waves which are employed in radio work. They are called electro-magnetic waves, and are longer than the other waves. They all travel at the same rate of speed, 186,000 miles per second, and are the same thing, differing only in length.

The letter K following the number in amateur calls designates experimental stations. I designate technical and training school stations and Z designate special amateur stations.

Site for New
Hospital is
Disapproved

The City Council's Public Welfare Committee yesterday afternoon voted unanimously to disapprove the petition of Mrs. Luella Blisset for a permit to establish a hospital for colored persons on Occidental Boulevard at Council street.

The committee, of which Councilman Allan is chairman, told the colored people who were asking for the permit that the committee was in sympathy with their desire to establish a hospital but that the members believed that location should be secured which is in a zone inside of which hospitals are permitted to establish the hospital at that location a change in zoning laws would be necessary, and the City Planning Commission had already forwarded to the Council its disapproval of any change in these laws.

My dear Mr. Gillette:
Your letter of March 26th received. I have used the new razor constantly ever since you sent it to me and it has given me the greatest satisfaction. It is infinitely better than the old one. The question of adjustment was always a troublesome one to me. Now I keep it screwed down tight and have not the slightest difficulty. I am well pleased with it and heartily congratulate you upon this invention.

I hope I may have the pleasure of seeing you soon, to renew our old acquaintance.

With kindest regards, I am
Sincerely yours,
Charles M. Schwab

POSITIVE RELIEF
in BRIGHT'S DISEASE

A straight-to-the-point statement of what Mountain Valley Water accomplished in Bright's Disease of five years' standing.

Mr. Plaut's unsolicited letter, which follows, is backed by urine analysis from two reputable laboratories. The original letter and copies of the analysis, on file in our office, are subject to your inspection at any time.

Mountain Valley Water Co.,
Gastonia, N.C.
For five years continuously I have had a quantity of albumen constantly present in my urine and with the positive presence of casts.
A few weeks ago I began drinking Mountain Valley Water. I am enclosing you an analysis made for me by the National Bureau of Analysis of Chicago, showing my condition on the 1st of February. I will use from the remarks therein that I was in very bad shape. On the 1st of March the analysis was almost normal. I attribute this wonderful improvement to drinking Mountain Valley Water. I am enclosing you a letter from the National Bureau of Analysis dated March 30, 1932, showing the results of the analysis.

Mr. Plaut's serious condition is shown by Report of the National Bureau of Analysis, Feb. 3, 1932, before he began drinking Mountain Valley Water.
"In this specimen Albumen is present in increased amount. Quantities 1% per volume measure (by dry weight, 16%). Hyaline casts were found."
The wonderful improvement caused by the consistent use of Mountain Valley Water is shown in analysis by Pacific Wasserman Laboratories dated March 30, 1932—

"Albumen—very faint trace. Casts—none."

Call 238-71 or write us today

for complete information about Mountain Valley Water from Hot Springs, Ark., and its use in the treatment and prevention of diseases of the stomach, liver, kidneys or bladder.

Come in and sample this pleasant tasting mineral water—FREE.

LULL PREVAILS IN CLUBLAND

Fetes and Final Meetings End Season

Woman's City Club Not to Take Vacation

Philanthropy and Civics Body Busy

There is a decided lull in clubland this week, after all the garden fetes and the enthusiastic last meetings, with their installations of new officers, their tributes of gratitude to retiring officers, mutual bouquets on all sides, presidential resumes of the year's work, outlines and hopes for the next season.

And although many clubs are planning numerous summer activities, only two clubs are going right along, scoring vacations and providing audiences for those who simply must speak.

Of these, the Woman's City Club is the one that is keeping a stern, unwinking eye on politics, both masculine and feminine.

TO HEAR CANDIDATES
At its next meeting, for instance, it will hear what the various candidates for the office of Supervisor have to say for themselves. And after that these gentlemen will have the privilege of answering questions from the floor, when, if the club lives up to its reputation, there will be plenty to answer.

On this occasion, also, Mrs. Hattie C. Young will give a short talk on "Law Enforcement"—a subject upon which the club feels a good deal more can be said than that offered by Judge Albert Lee Stephens last Monday, which was eminently correct as far as it went, but just whetted the appetite for more.

RELIEF WORK PLANNED
The Philanthropy and Civics Club likewise keeps going all the summer. Today its morning will be devoted to arduous sewing and philanthropic devotion, when some score or more garments will be added to its generous pile.

SOCIETY

BY VIRGINIA WOODS

Mrs. Clark Ehrhardt
Mrs. Clark Ehrhardt gave a luncheon yesterday at the Elks' clubhouse in honor of Mrs. A. G. Wells of Chicago. Mrs. Robert Barard of Cincinnati and Mrs. Harry Ainsworth of Portland. The table was adorned with summer blossoms in pink and blue. There were plates for twenty. Among the guests was Mrs. Preston Leslie (Babs Ainsworth).
Mr. and Mrs. Ainsworth and Mr. and Mrs. Leslie and their small son and at Arcadia where they will probably remain all summer.

Visiting at Lake Tahoe
Mrs. Hanson Moore and son, Robert Hanson Moore and his little friend, Rufus Spalding Jr., of Pasadena have gone to Lake Tahoe for a vacation of three weeks. They will be joined by Mr. Moore who has been staying on his ranch in Northern California.

Mrs. Stanton Goss Danchow
Mrs. Chappell G. Stanton is presiding at a charming luncheon to-day in honor of her niece, Miss Edwin Stanton and son, Edwin Stanton, who are visiting here.

Mrs. Forrester O. Stanton left the day before for Charleston, West Virginia, to visit her mother, Mrs. Forrester O. Stanton, who is visiting here.

Going to Paso Robles
Mrs. Sloan-Orritt expects to leave for Paso Robles next Wednesday. She will be accompanied by her mother, Mrs. H. H. Orritt, who is visiting here.

Mrs. and Mrs. Gustafson
Mr. and Mrs. Segundo Gustafson and their niece, Miss Virginia Gustafson, who have been visiting in the city, are expected home the middle of this month.

Mrs. Anneline in La Jolla
Mrs. Norwell Anneline of Pittsburg, Pa., who has been spending the winter at the Hotel Randolph, San Diego, is now at the Hotel Cabrillo, La Jolla, for the summer.

Return from Seattle
Mrs. Alice Augustina Kyer and daughter, Miss Muriel Kyer, have returned from a month's visit to Seattle where they were called by the illness and subsequent death of Mrs. Kyer's father. They are now permanently located at 514 Lucerne Boulevard.

Mrs. Brackenridge Home
Mrs. William A. Brackenridge and her three daughters, Misses Marion, Margaret and Anne Brackenridge have returned to their home in Pasadena after having been in New York since autumn when the girls were studying at the Maryling School of Art and Design.

Here From Baltimore
W. D. McKenzie of Baltimore is a visitor in Los Angeles and for a few days will be the guest of Charles G. Adams, landscape architect.

Entertainers in Studio
George Cole, well known artist, whose Arizona paintings recently were shown in New York, has just brought the old church his family helped to build in Colegrove and is now in the city.

Yeggs are Busy; Loot is Small, Police Report
Yeggs were at work early yesterday morning, according to police reports, but obtained little loot.

The safe in the office of the T. F. Ruhland automobile works at 1830 South Los Angeles street was blown open and a \$50 Liberty Bond and \$50 in small change taken.

The yeggs gained entrance to the establishment by jimmying the night latch. It was reported, Joe Newman and Lewis Koenig, employees, reported the loss after starting work yesterday.

An unsuccessful attempt was made to open the safe in the office of the Glass & Palpa Products Company, 714 Market Court. After entering the place by cutting a screen door and turning on the lights, the yeggs knocked the combination off the safe. Nothing was reported taken.

THE NEW

IN STORES AND HOMES

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS
By Olive Gray

Up-to-date:
Sleeves of ornate and vividly contrasting material, in frocks and gowns; or undersleeves and grumpes of such contrasting fabric.

Summer tints, in white or pastel tints, for wear with sports clothes or tailcoats.
The tendency is toward trimming these chapeaux, although some are plainly banded in an excellent quality of ribbon.

When used, may consist of ribbon embroidery in self tint; or of embroidery in an all-over design, interspersed with beads of modest size.

The tendency is toward trimming these chapeaux, although some are plainly banded in an excellent quality of ribbon.

A detailed illustration of a large, ornate, dark-colored object, possibly a piece of jewelry or a decorative element, set against a light background. The object has a complex, carved appearance with many small, intricate details. It is positioned diagonally, with its top right corner pointing towards the upper right of the frame. The object is enclosed within a rectangular border, which is part of a larger grid-like structure. The overall style is that of a technical or scientific illustration, possibly from a historical document or a scientific treatise.
